

Team Up for Attendance: Community Matters Webinar Discussion Guide

August 15, 2018

Below are a suggested set of key questions to prompt discussion about what communities might do given insights shared during the *Team up for Attendance: Community Matters* webinar.

Feel free to use some or all to prompt a rich conversation about how to take action.

1. Each of the speakers represented a different type of community partner that can support efforts to address chronic absence. What is one take-away from their presentations that is relevant to your community?
2. What do you know about the reasons students are chronically absent in your local community? Given those insights, what community partners might be most effective in addressing chronic absence? How can those partners be activated at different tiers of chronic absence?
3. How can you engage community partners in preparations for Back to School and Attendance Awareness Month in September?
