Keep Kids Engaged & Showing Up for Learning:

*Relationships, Routines and Partnerships*

Attendance Awareness Campaign 2022 — Webinar 1 of 4
Welcome

S. Kwesi Rollins
Vice President for Leadership & Engagement
Institute for Educational Leadership
Chair, Advisory Board, Attendance Works

Hedy N. Chang
Executive Director
Attendance Works
About the Institute for Educational Leadership

IEL acts as a catalyst and capacity builder at the intersection of education, community collaboration and workforce development to effectively promote equity and better opportunities for all children and youth. IEL:

✓ identifies and implements innovative strategies particularly where educational, economic and social challenges or gaps exist.
✓ has developed, trained and supported thousands of leaders across various networks.
✓ works at the local, state and national level, investing in community leaders of all ages, stages and sectors.

To learn more visit: www.iel.org
About Attendance Works

Attendance Works advances student success and closes equity gaps by reducing chronic absence. Operating at the local, state, and national level, Attendance Works:

✓ Advances better policy
✓ Nurtures proven and promising practice
✓ Promotes meaningful and effective communication
✓ Catalyzes needed research

Since our launch in 2010, we have become the nation’s “go-to” resource for improving student attendance. To learn more, visit our website: www.attendanceworks.org
Agenda

I. Welcome
   Pele Le, Events and Operations Programs Associate, IEL

II. Attendance Awareness Campaign and Key Concepts
   Kwesi Rollins, Vice President for Leadership & Engagement, IEL
   Hedy Chang, Executive Director, Attendance Works

III. Panel:
   ❖ Lorri Hobson, Director of Attendance, Cleveland Metropolitan School District
   ❖ Christina Sepulveda, Vice President, Boys & Girls Clubs of Garden Grove
   ❖ Aaron Philip Dworkin, Chief Executive Officer, National Summer Learning Association

IV. Closing Reflections
   Kwesi Rollins, Vice President for Leadership & Engagement, IEL
Theme for 2022!

Webinar 1  (today!)  
Keep Kids Engaged and Showing Up for Learning: Relationships, Routines and Partnerships, Wednesday, April 6, 2022: 12pm-1:30pm PT / 3pm-4:30pm ET

Webinar 2  
What Promotes Engagement and Attendance? Insights from Students, Parents and Educators, Wednesday, May 25, 2022: 12pm -1:30pm PT / 3pm-4:30pm ET

Webinar 3  
Ensuring a Healthy and Restorative Start to School (working title), Wednesday, August 3, 2022: 12pm-1:30pm PT / 3pm-4:30pm ET

Webinar 4  
What Works to Sustain Engagement and Attendance (working title), Wednesday, September 28, 2022: 12pm-1:30pm PT / 3pm- 4:30pm ET
2022 Theme: Stay Connected, Keep Learning!

Key Messages

1. Chronic absence reflects and contributes to educational inequity.

2. Building strong, trusting relationships that promote a feeling of belonging is fundamental to improving student attendance and engagement.

3. Students are more likely to attend school if they feel safe, connected and supported.
2022 Theme: Stay Connected, Keep Learning!

Key Messages

4. A positive, problem-solving approach driven by data will improve attendance.

5. Keeping students, families and school staff physically and emotionally healthy supports attendance.

6. When the whole community collaborates with families and schools, we can overcome barriers to attendance and engagement.

See: https://awareness.attendanceworks.org/resources/toolkit-2022/what-are-the-key-messages/
Thank You to Our Corporate Sponsor for this Webinar!

RaaWee K12 provides a highly robust collaboration platform where school districts implement best practices for tracking students' attendance and managing interventions.

Donate $10 – or more – to celebrate 10 years of the Attendance Awareness Campaign!

DONATE
What is chronic absence?

Chronic absence is different from truancy (unexcused absences only) or average daily attendance (how many students show up to school each day).

Chronic absence is defined as missing 10 percent or more of school for any reason. Chronic absence is missing so much school for any reason that a student is academically at risk.
More likely to drop out of high school

Inability to read on grade level

Lower achievement

Chronic Absence

PK-1st Grade

3rd Grade

Middle School

High School

3rd Grade

Middle School

High School

Improving Attendance Matters
What do we know from national and local data?

✓ Pre-pandemic: 8 million students chronically absent.

✓ Now: chronic absence has likely tripled.

✓ Exacerbating existing educational inequities.

✓ Higher than ever, especially in early elementary and high school.

✓ More students experiencing extreme levels of absenteeism.

✓ The risk is greatest for students with more remote learning.
Last year, chronic absence 2x higher for remote learners

Chronic Absence Patterns and Prediction During Covid-19: Insights from Connecticut

Report discusses key findings from analysis of Connecticut’s attendance data.

Encourages other states to adopt policies and implement data collection efforts similar to Connecticut’s.

“Connecticut is uniquely positioned to analyze how patterns of chronic absence differ across learning modes, grades, and student groups.”

See full report
Black and Latino/Hispanic students disproportionately affected

Patterns of chronic absence by learning mode and grade differed by racial and ethnic groups

Chronic absence +3x, affluent recovering, low-income worsening

What Can We Do?

We can build and expand upon what we know works using lessons learned from the pandemic!
Ground Solutions in an understanding of the factors that cause chronic absence

Barriers
- Chronic and acute illness
- Family responsibilities or home situation
- Trauma
- Poor transportation
- Housing and food insecurity
- Inequitable access to needed services
- System involvement
- Lack of predictable schedules for learning
- Lack of access to tech
- Etc. and many more!

Aversion
- Struggling academically and/or behaviorally
- Unwelcoming school climate
- Social and peer challenges
- Biased disciplinary and suspension practices
- Undiagnosed disability and/or disability accommodations
- Parents had negative educational experiences

Disengagement
- Lack of challenging, culturally responsive instruction
- Bored
- No meaningful relationships to adults in the school (especially given staff shortages)
- Lack of enrichment opportunities
- Lack of academic and behavioral support
- Failure to earn credits
- Drawn to low-wage job vs being in high school

Misconceptions
- Absences are only a problem if they are unexcused
- Missing 2 days per month doesn’t affect learning
- Lose track and underestimate TOTAL absences.
- Sporadic absences aren’t a problem
- Attendance only matters in the older grades
- Suspensions don’t count as absence

The big categories have not changed even with the pandemic!
Notice how the pandemic has worsened or created new challenges!

Take an all-hands-on-deck “team” approach to rebuilding positive conditions for learning in our schools

- Physical and Emotional Health and Safety
- Adult and Student Well-Being and Emotional Competence
- Belonging, Connection, and Support
- Academic Challenge and Engagement

Relationships are Essential to Positive Conditions for Learning
Offer a multi-tiered approach that begins with prevention

Working across silos is essential!

https://www.attendanceworks.org/chronic-absence/addressing-chronic-absence/3-tiers-of-intervention/
Reinvest in the foundational building blocks of school that promote engagement.

Foundational “Whole School” Supports
Leverage technology to deepen and scale universal attendance supports.

- Make the case that showing up everyday matters
- Clear, concise and consistent communication about schedules and expectations
- Predictable daily/weekly routines related to attendance
- Take daily attendance accurately with care
- Personalized communication to families when students are absent
- Recognition of good and improved attendance
- Access to wellness checks and connectivity assessments
- Regular monitoring of attendance data

For example - use automated texting with students and families to send timely personalized notes!
Showing Up Matters for R.E.A.L.

It is an opportunity to:

✓ **Build Routines**
  Daily attendance routines can reduce stress and create a sense of safety and security especially after chaotic transitions.

✓ **Increase Engagement**
  Being in school helps build relationships with peers and school staff that nurture engagement.

✓ **Provide Access to resources**
  Schools provide access to meals, health and mental health services, tutoring, mentoring, technology, extracurriculars (sports, clubs, music, etc.), afterschool and summer programs.

✓ **Support Learning**
  Showing up to school regularly helps students become proficient in reading and math and graduate from high school.
Showing Up Matters for R.E.A.L.
A Messaging Toolkit

Four Key Steps

1. Explain Why Attendance Matters

2. Cultivate a Culture of Engagement and Attendance With Students and Families

3. Use Data to Determine Need for Intervention and Additional Support

4. Engage Community Partners

Find it here:
https://www.attendanceworks.org/resources/toolkits/showing-up-matters-for-real/
Expand Tier 2. Draw upon community partners and the power of peer support

- Personalized outreach / home visits
- Assign caring mentors / tutors
- Expanded learning opportunities
- Attendance goals and supports added to IEP
- Small group supports
- Personalized Intervention Strategies
Invest in evaluating what works and sharing the results.
Leverage Covid relief funds to take a systemic approach that builds upon assets

Challenge – Why is attendance different this year?  
(Student Voice)

- Why do you think attendance is different this year?
- Pandemic stress (mental/physical)
- Scared of getting COVID
- Not feeling supported (for example - challenges with scheduling, mental health and/or responsibilities)
- Unmotivated
- Why do you think people are comfortable in getting the vaccine?
- Keeping other people safe/prevention
- Getting back to normal
- Fear of getting sick
- To play sports
Challenge – Why is attendance different this year? (student voice)

Why do you think people are reluctant to get the vaccine?
- Fear
- Lack of information
- Conspiracy theories
- Social media/New influence

What happened to you during COVID shutdown that if your teachers knew it would help them understand you better?
- Kids were lazy and wanted to sleep, lack motivation
- Working a job and being a student at the same time
- Didn't have the materials needed
- Kids couldn't concentrate on school at home, more distractions
- Students find in person work harder than it was on Zoom
- Child/sibling care and teen parenting
- Abuse and domestic violence
Positioning for the Future

School Without Walls
Flexible time, place, technology, & talent anywhere, anytime learning

2021-2022 Investment Areas

• Investing in innovative Learning Accelerator projects which serve as an opportunity to harvest and learn the great innovations from our teachers and other educators
• Launching Diversity, Equity, and Inclusion Training, including a customized module for Cleveland and a post training action planning module

✓ Engaging Summer Learning
✓ Attendance Clubs
✓ Before & After school programs
✓ Say Yes Coordinators
✓ Parent & Student Ambassadors
✓ Student Advisory Council

NSLA’s Vision and Reach

Vision

To ensure all young people in America, regardless of background and income, can afford and access a high-quality summer learning experience every year.

We serve and support more than 15,000 leaders from:

- School Districts and State Education Agencies
- Youth-serving Government Agencies
- Wide-range of Non-profit partners and programs:
  - Summer Camps, Nature-based, Travel, STEM, Arts, Sports, Service, College Prep Programs
- Summer Youth Employment and Internships
When we talk about summer learning…

We’re really talking about three main goals:

Fighting Inequity

Creating Opportunity

Building Community

Please write in the chat the name of one student helped by programs you support
Start with “The Why” -- NSLA’s 4 I’s of Summer

**Improvement**

Provide both students and staff opportunities to learn, develop and practice new skills. “No training about kids without kids.”

**Innovation**

Most entrepreneurial time in education. Chance to incubate and try out new ideas before scaling. Many well-known, year-round programs started in summer.

**Interconnectedness**

Chance to break down artificial silos in education. Model and develop multi-sector partnerships which can last all year long.

**Impact**

Hands on learning is immediate and lasting. Summer is a high ROI life transition point. Nationally, this is a solvable challenge.
## Broad Distinctions Between Summer School vs. Summer Learning

</tbody>
</table>
Why Plan for Summer Now
COVID-19: Hard for Everyone, Worse for Some
COVID-19’s Devastating Impact on Learning Loss

- Children fell far behind in school during the first year of the pandemic and have not caught up
- Math and reading levels were all lower than normal
- Shortfalls were largest for Black and Hispanic students and students in schools with high poverty rates

Source: NWEA
COVID-19’s Impact on Mental Health

• American Academy of Pediatrics recently declared a national state of emergency in children’s mental health

• Dramatic increases in ER visits for all mental health emergencies

• According to the CDC, suspected suicide attempts by 12-17 year old girls rose by 51% from early 2019-to early 2021
NSLA’s *Community Indicators of Effective Summer Learning Systems* identifies six key domains for summer system building:

1. Shared Vision and Citywide Coordination
2. Engaged Leadership
3. Data Management System
4. Continuous Quality Improvement
5. Sustainable Resources
6. Marketing and Communications

Building Resilience in Youth Through Summer Experiences

The COVID-19 slide: What summer learning loss can tell us about the potential impact of school closures on student academic achievement

Shaping Summertime Experiences

2022 Summer Learning Toolkit – Michigan

Helping Students in Troubling Times
Know and Grow Your Student Numbers  
• How many students need programs? How many don’t have them? Set a goal for how many more you can serve  
• Identify a plan to communicate and recruit them. If they’re not coming. Who else can help you?  
• Coordinate and collect data with others who might already be serving them

Reimagine and Reconfigure Program Models  
• Move away from false binary choices (i.e academics vs SEL, Enrichment, Health)  
• Expand program models and sense of what’s possible to offer  
• Focus on Quantity and Quality of Programs and Complimentary Partnerships

Move from Competitive to Collaborative Mindset  
• Minimize zero-sum, scarcity mindset  
• Break down artificial silos and focus on systematic coordination  
• Reach out. Make the first move. Time to be hyper-creative and hyper local.

Focus on the “Fierce Urgency of Now”  
• Federal ARP Funding has a time limit  
• Students and immediate crisis can’t wait for long term strategies  
• Ask how many more students can we serve? How can our programs expand?
