

# Professional Development E-Learning Series

## from Attendance Works

**Are your schools struggling with student attendance?** Are you concerned about the long-term impact of absenteeism on academic success?

**Our 3-part training series for educators** will help you to learn proven, evidence-based tiered strategies to engage students and promote attendance whether learning is in-person, virtual or hybrid. Interact with peers and the Attendance Works team in breakout rooms. School administrators are encouraged to attend with their teams. Cost is \$300 per person. The series is eligible for American Rescue Act and Title 1 and Title 2A funds.

---

### Session 1 — Whole School Engagement Strategies for Reducing Student Absenteeism

- Measure attendance and participation in a variety of learning settings—in person or remote.
- Explore the framework of multi-tiered strategies that moves schools towards prevention and early intervention.
- Draw on high leverage, whole school strategies to create a positive school climate and strong relationships with students & families.

### Session 2 — Early Intervention Strategies: Monitor & Identify Students in Need of Support during Distance Learning

- Learn which attendance measures to monitor to identify students in need of engagement and support.

- Learn the key functions of a school team that addresses attendance.
- Draw on high leverage strategies to address common reasons for student absenteeism.

### Session 3 — Partnering to Make a Difference

- Mobilize school staff, community and agency partners to provide support.
- Determine if your efforts are making a difference.
