

Session 1:

Whole School Engagement Strategies for Reducing Student Absenteeism

Professional Learning Series

January 18, 2023

Welcome!

Hedy Chang
Executive Director

Angela Duran
Senior Fellow

Three E-Learning Sessions

During these sessions, participants will learn how to work as a team to take a multi-tiered approach to improve attendance in their schools:

- ❖ **Session 1** — Whole School Engagement Strategies for Reducing Student Absenteeism
- ❖ **Session 2** — Early Intervention Strategies: Using Teams to Monitor and Identify Students in Need of Support
- ❖ **Session 3** — Partnering to Make a Difference

Learning Goals for Session 1

Participants will:

- Draw on whole school strategies to create
 - positive conditions for learning and
 - strong relationships with students and families that prevent absenteeism
- Be introduced to the framework of multi-tiered attendance strategies that moves schools towards prevention and early intervention
- Learn effective strategies to communicate with families about attendance

Overview of Chronic Absence

**What is the relationship
between absences & equity?**

**Absenteeism is a *leading*
indicator and a *cause* of
educational inequity**

What do we know from national and local data?

- ✓ **Pre-pandemic: 8 million students were chronically absent**
(missing 10% or more of school for any reason)
- ✓ **SY 2021-22: chronic absence has at least doubled**
- ✓ **Early data from 2022-23 show rates remain high**
- ✓ **Higher than ever, especially in early elementary and high school**
- ✓ **The risk is greatest for students with more remote learning**

Chronic Absence almost 2X Higher for SY2021-22

Percentage of Students Chronically Absent by Student Group (YTD as of November 2022 compared to 2021-22, 2020-2021, and 2019-20)

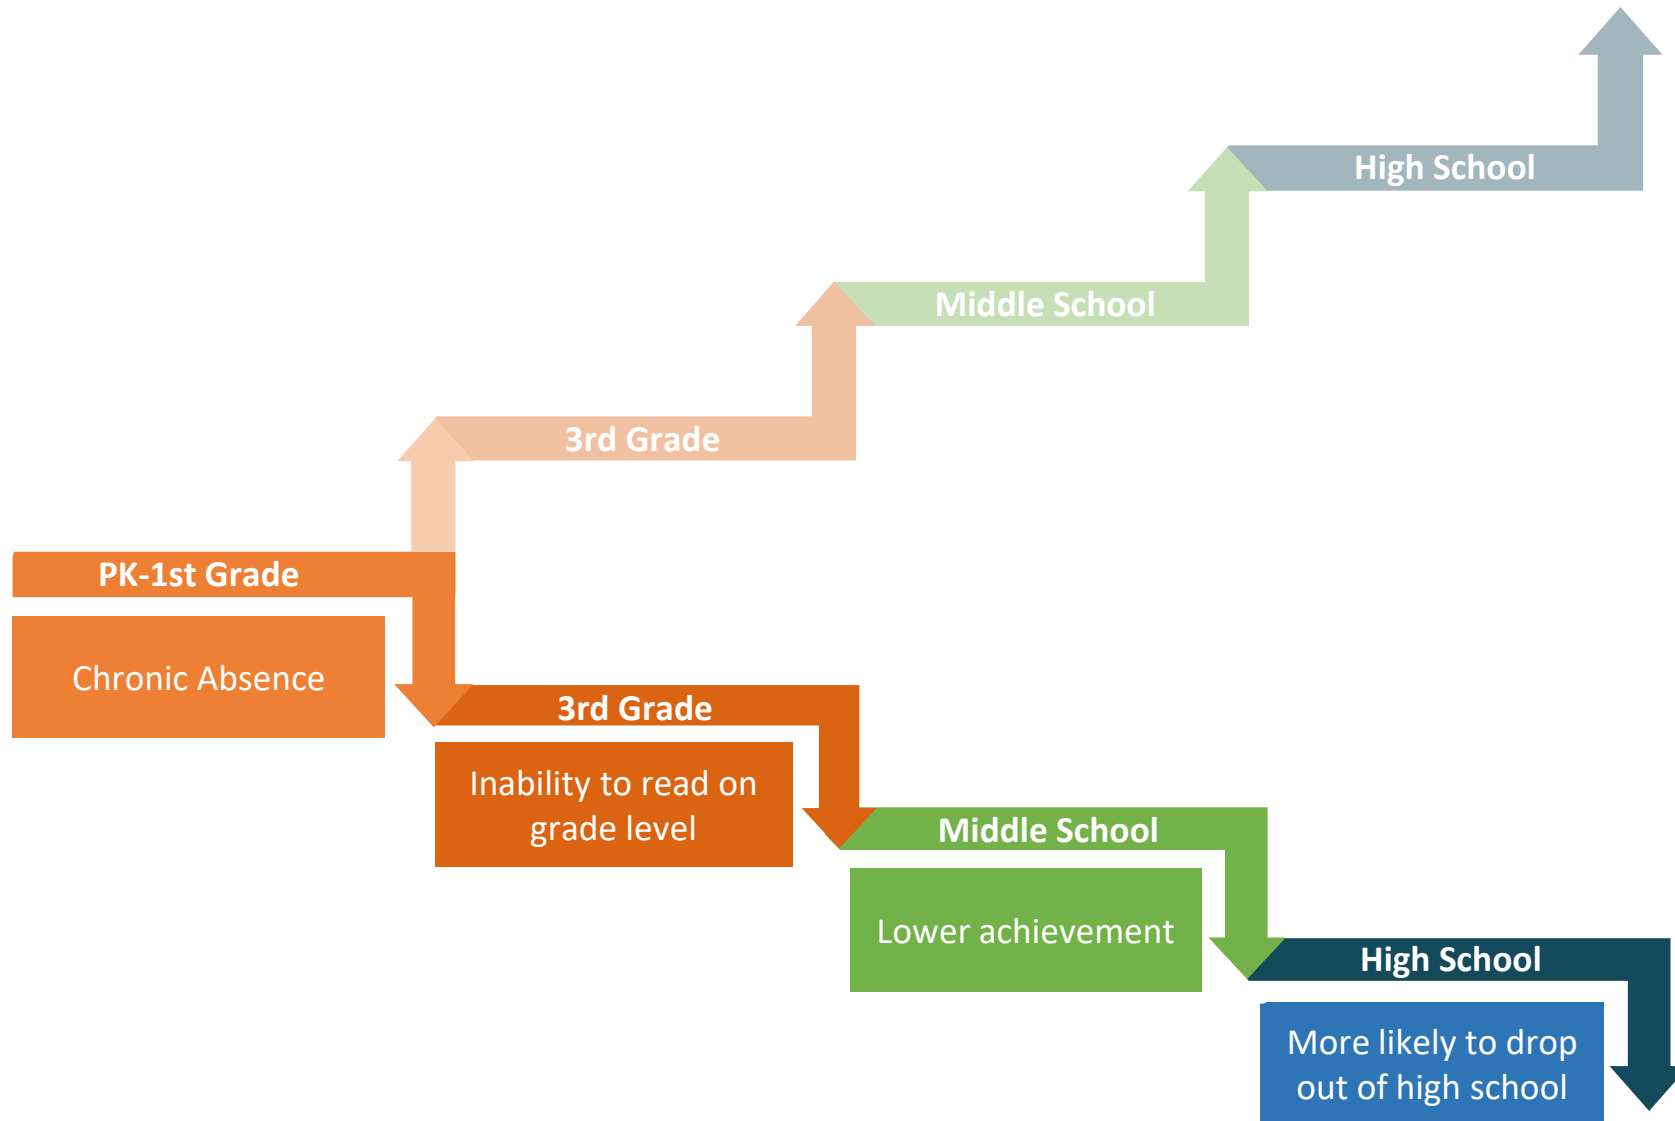

*Calculations are based only on in-person school days until mid-March 2020. **Calculations include both in-person and remote days.

Improving Attendance Matters

What is chronic absence?

Chronic absence is missing so much school for any reason that a student is academically at risk. Chronic absence is defined as **missing 10 percent or more of school for any reason.**

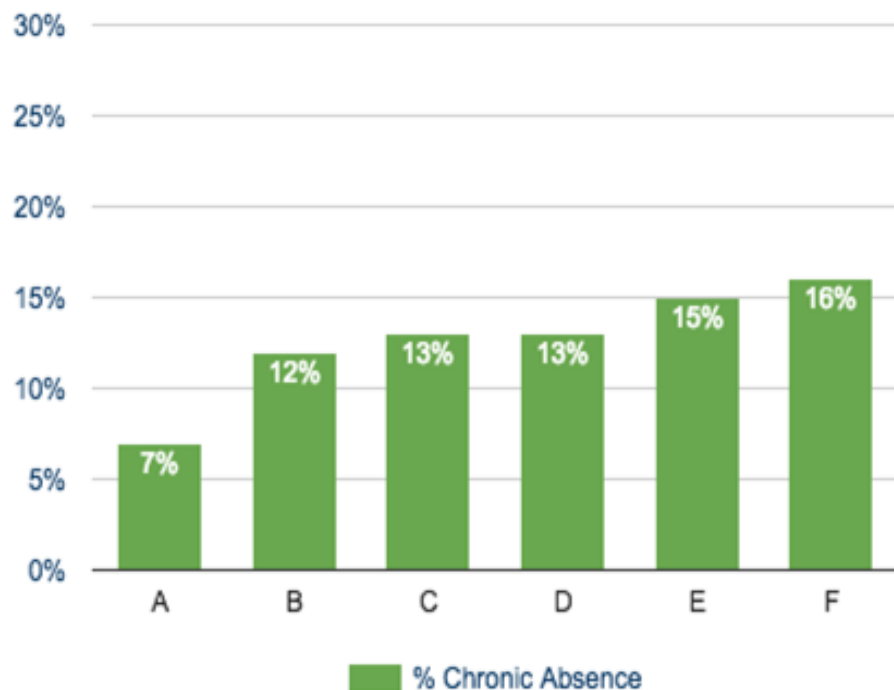

Chronic absence is different from **truancy** (unexcused absences only) or **average daily attendance** (how many students show up to school each day).

Average Daily Attendance (ADA) Can Mask Chronic Absence

Chronic Absence For 6 Elementary Schools in Oakland, CA with 95% ADA in 2012

90% and even 95% \neq A

Chronic Absence for 6 Schools in New York City with 90% ADA in 2011-12

Chronic Absence vs. Truancy

What's the Difference Between Chronic Absence vs. Truancy?

Truancy

- ▲ Counts **ONLY** unexcused absences
- ▲ Emphasizes individual compliance with school rules
- ▲ Uses legal, typically more blaming and punitive, solutions

Chronic Absence

- Counts **ALL** absences (*excused, unexcused & suspensions*)
- Emphasizes impact of missed days and benefits of being present
- Uses preventative, problem-solving, trauma-sensitive strategies
- Cultivates family & student engagement

Multi-tiered System of Support for Attendance

We Know What Helps Get Students and Families to School: Positive Conditions for Learning

Tier 1: Universal Attendance Supports

- ❖ Clear, concise and consistent communication about schedules and expectations
- ❖ Routines, rituals and celebrations related to attendance and engagement
- ❖ Personalized communication to families when students are absent
- ❖ Recognition of good and improved attendance
- ❖ Impact of attendance on whole child widely understood
- ❖ Connection to a caring adult in the school
- ❖ Every child and their family encouraged to develop a success plan that includes attention to attendance

Share in Chat: In your experience, which Tier 1 attendance supports have been most essential at your school or in your district?

Tier 2: Early Interventions Layer in Support and Remove Barriers to Attendance

- ❖ Common community and school barriers identified and addressed
- ❖ Individualized student success plan that includes attention to attendance
- ❖ Attendance strategies added to IEP
- ❖ Family visit
- ❖ Mentors (e.g., Success Mentors, Peer Group Connections)
- ❖ Intensive tutoring
- ❖ Check-In/Check-Out (CICO)
- ❖ Expanded learning opportunities
- ❖ Small group interventions and supports for students
- ❖ Restorative alternatives to discipline and suspension

Tier 3: Intensive interventions

- ❖ Educational support champions / advocates
- ❖ Interagency case management
- ❖ Housing stability supports
- ❖ Student attendance review board
- ❖ Community-based, non-criminal truancy court
- ❖ Individualized learning and success plan leading to graduation
- ❖ Legal Intervention (*as a last resort*)

Positive Conditions for Learning Lead to Students Being Engaged and Attending Regularly

- Restorative check-ins
- Access to health care & mental health supports
- Trauma-informed practice
- Staff self-care

- Healthy learning environments
- Welcoming, safe school climate
- Access to food & other basic needs
- Restorative circles

- Access to tech & internet
- Learning supports
- Project-based learning
- Credit recovery opportunities
- Internships/community service
- Alternative scheduling options

- Active student & family engagement
- Advisories/meetings to build community
- Enrichment & clubs
- Positive peer connections

Relationships are Essential to Positive Conditions for Learning

What promotes positive conditions for learning?

Reflection

How did the video illustrate positive conditions for learning?

Conditions for Learning #1: Belonging, Connection and Support

(review)

Challenging Condition

- Limited support provided
- Weak relationships between students and staff
- Negative peer relationships

Positive Condition

- Meaningful connection to adults in the school
- Adults emotionally attuned to students
- Care and inclusivity
- Cultural respect and responsiveness
- Positive peer relationships
- Equitable, effective and available support

Conditions for Learning #2: Academic Challenge and Engagement

(review)

Challenging Condition

- Low expectations for some or all students
- Minimally challenging curriculum / instruction
- Curricula of little relevance to students' lives
- Instructional activities focused mainly on low-level skills (knowledge and comprehension)

Positive Condition

- High expectations
- Connection to life goals
- Engaging and culturally responsive curricula and instruction
- Robust opportunities to learn

Conditions for Learning #3: Adult and Student Well-Being & Social/Emotional Competence

(poll)

Challenging Condition

- Adult dispositions that are not developmentally responsive
- Adults who do not manage their own emotions
- Adults' beliefs that limit students' potential

Positive Condition

- Adults attuned to student development
- Resources for adults to practice self-care
- Adult belief in the potential of all students to learn
- Opportunities for students to develop self-awareness, self-management, social awareness, relationships skills, and responsible decision-making

Conditions for Learning #4: Physical and Emotional Health and Safety

(waterfall chat)

Challenging Condition

- Threats/acts of violence
- Unwelcoming environment
- Bullying and harassment
- Unsafe physical environment

Positive Condition

- Physical safety
- Emotional safety
- Psychological safety
- Identity safety
- Cultural respect and responsiveness
- Low-risk learning environments

About your school:

- What concerns are you hearing from students, families and staff about health and safety?
- In what ways are you responding to these concerns?

Ground Rules

- Turn on your video camera
- Briefly introduce yourself
- Raise your hand to speak
- Ask clarifying questions
- Explore differences of opinion
- Create space for everyone to speak (*and use the chat to express ideas*)
- The person whose first name is closest to the letter "A" should facilitate.

TIME & RESOURCE INTENSITY

CAPACITIES PROMOTED

Relationship-building; Student confidence; Shifting school norms

Key Elements

See all students at-a-glance.

See who is well-supported and who needs support by adults.

Involve *all* adults in relationship mapping.

Key Benefits

Connect all students to at least one school adult.

A *Relationship Map* lists *all* students in a school (or grade, team, etc.).

A *Relationship Map* allows adults in a school to have a quick and visual snapshot of students who are well supported and who most need support. Knowing this, adults can then strategize about how to best reach out to students who most need positive and supportive relationships with adults.

A *Relationship Map* is most effective if *all* adult stakeholders with a connection to students participate in its creation. This includes administrators, teachers, counselors, sports coaches, mentors, community partners, and other school staff.

A *Relationship Map* helps identify students who do not already have adult connections and provides opportunities for adults in school to build positive relationships with those students.

Toolkit: Showing Up Matters for R.E.A.L.

<https://www.attendanceworks.org/resources/toolkits/showing-up-matters-for-real/>

It is an opportunity to...

✓ Build **R**outines

Daily attendance routines can reduce stress and create a sense of safety and security especially after chaotic transitions.

✓ Increase **E**ngagement

Being in school helps build relationships with peers and school staff that nurture engagement.

✓ Provide **A**ccess to resources

Schools provide access to meals, health and mental health services, tutoring, mentoring, technology, extracurriculars (sports, clubs, music, etc.), afterschool and summer programs.

✓ Support **L**earning

Showing up to school regularly helps students become proficient in reading and math and graduate from high school.

HOW TO TALK TO CHILDREN

With the widespread news coverage about the coronavirus, known as "COVID-19", children may develop fears about the risk to their own health and safety. It is important for parents to listen to these fears, and learn some of the basic facts themselves.

Be aware of your own behavior
It can impact how your child may feel. If you're anxious, they could take their cues from you.

Stay up-to-date with information
This can help you understand and share the facts about COVID-19 with your children.

Know whether or not to talk about COVID-19 with them
It is important to know what children have heard about COVID-19 already. It is likely that they are talking about it in school, so just because your child doesn't bring it up, doesn't mean they aren't thinking about it.

Explain what is currently being done to contain COVID-19
Reassure children that the measures put in place are the best ways to keep them safe. The U.S. is carefully monitoring the situation and currently the risk in Chester County remains low. Health Departments, such as the Chester County Health Department, are encouraging personal preparedness and prevention tips to keep the community healthy.

Know what information your children are exposed to
Be mindful about where your children are being exposed to information about COVID-19. For example, they may overhear conversations, or pick up on the continuous news headlines that adults have on as background. For teenagers and tweens who have access to news online and via social media, ask them what they are seeing and hearing about COVID-19. Help correct misinformation, and if you don't know the answer, be honest. You can research the answers together.

Validate their feelings and reassure them
Parents should listen to their child's fears and try to understand what they are feeling. Avoid saying things like "you'll be fine" or "don't worry about it."

Give them action items
Remind them of the importance of washing hands often (for at least 20 seconds), avoid touching their eyes, mouth, and nose, and keeping their areas clean by wiping down things that are used often. If your preparedness plans include stocking up on groceries and toiletries, like you would before a big snowstorm, ask your child to help. Invite them to go the store with you. Having a stash of their favorite snacks in the pantry may help them feel more prepared.

SHOULD MY KID STAY HOME FROM SCHOOL TODAY?

KEEPING SICK KIDS AT HOME IS IMPORTANT
For their health For preventing the spread of illness

SIGNS THAT YOUR CHILD SHOULD STAY HOME FROM SCHOOL

FEVER
Feels warm
Appears flushed
Has a temperature higher than 100.4 °F or 38 °C

PERSONALITY CHANGES
Doesn't seem like herself
Has no appetite
Is acting clingy

STOMACH SYMPTOMS
Nausea
Vomiting
Diarrhea

LETHARGY
Was up coughing all night and appears tired
Didn't wake up on her own as usual
Seems too fatigued to participate in school activities

PREVENTING THE SPREAD OF ILLNESS

WHEN SOMEONE IN YOUR FAMILY IS SICK, YOU CAN HELP KEEP YOUR CHILD HEALTHY BY:

Teaching her to wash her hands often
Encouraging her not to touch her eyes, nose, and mouth
Cleaning and disinfecting surfaces that may be contaminated with germs

FLU FACTS TO KNOW

Kids with the flu should not go to school

Flu season usually begins in October in the U.S.

The CDC recommends that individuals older than 6 months receive annual flu vaccinations

Thousands of kids under age 5 are hospitalized each year due to flu complications

Common flu symptoms include headache, fever, extreme fatigue, sore throat, dry cough, muscle aches, runny nose, nausea, vomiting, and diarrhea

Help Your Child Succeed in School: Build the Habit of Good Attendance Early

DID YOU KNOW?

- Starting in preschool and kindergarten, too many absences can cause children to fall behind in school.
- Missing 10%, or about 2 days each month over the course of a school year, can make it harder to learn to read.
- Students can still fall behind if they miss just one or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences and tardiness can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Eventually good attendance will be a skill that will help them succeed in high school and college.

WHAT YOU CAN DO

- Set a regular bedtime and morning routine.
- Lay out clothes and pack backpacks the night before.
- Find out what day school starts and make sure your child has the required shots.
- Introduce your children to their teachers and classmates before school starts.
- Develop backup plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Avoid medical appointments and extended trips when school is in session.
- Keep in mind that complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home. If your child seems anxious about going to school, talk to teachers, school counselors and other parents for advice on how to make your child feel comfortable and excited about learning.
- If your child must stay home due to illness, ask the teacher for resources and ideas to continue learning at home

When Do Absences Become a Problem?

	CHRONIC ABSENCE 18 or more days
	WARNING SIGNS 10 to 17 days
	SATISFACTORY 9 or fewer absences

Note: These numbers assume a 180-day school year.

MY CHILD'S ATTENDANCE SUCCESS PLAN

POSSIBLE STRATEGIES TO REACH MY CHILD'S ATTENDANCE GOALS

- I will talk to my child about how going to school every day will help them do well in school and achieve their hopes and dreams.
- I will keep an attendance chart at home. At the end of the week, I will recognize my child for attending school every day with _____.
- I will make sure my child is in bed by _____ a.m. and the alarm clock is set for _____ a.m.
- If my child complains of a stomachache or headache, and medical concerns have been ruled out, I will make sure to call the school nurse and not _____ to that he/she can check in with my child during the day.

Dear Parent/Guardian:

Good attendance is required for academic excellence. [STATE] Education Code determines what types of absences are excused or unexcused. When a child is absent from school and/or tardy in excess of 30 minutes on three (3) occasions in one school year without a valid excuse, the law considers that child to be truant. The law and district policy requires all schools to notify parents when this occurs. The [district name] central office automatically sends these letters based on school records so that parents are aware of absences and can address these concerns.

School records indicate that your child was absent from school without a valid excuse on occasions, beginning with the following dates:

Thursday, September 12, 2015
Thursday, September 19, 2015
Thursday, September 27, 2015

Our goal is to partner with families to ensure that students are attending school every day. Although the following consequences may appear harsh we are mandated by Education Code Article 48260.5 to inform you of the following:

- That the parent or guardian is obligated to compel the attendance of the pupil at school.
- That parents or guardians who fail to meet these obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section 48290) of Chapter 2 or Part 27.
- That alternative education programs are available in the district.
- That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the pupil's truancy.
- That the pupil may be subject to prosecution under Education Code Section 48264.
- That the pupil may be subject to suspension, restriction, or delay of the pupil's driving privilege pursuant to Section 13202.7 of the Vehicle Code.
- That it is recommended that the parent or guardian accompany the pupil to school and attend classes with the pupil for one day.

Please recognize that we are required to monitor attendance and notify parents of potential problems with student attendance. If you have concerns about your child's attendance, or if you believe there is an error in this notice, contact the school at «SCHOOL_PHONE_NUMBER». The designated attendance personnel will work with you to resolve this issue. We look forward to assisting you.

Sincerely,

Condition D
Add-up Notice

We need your help. [STUDENT NAME]'s absences from school are concerning, and your partnership is critical. Students who miss just one or two days of school each month can fall seriously behind.

[STUDENT NAME] is now "truant" because [SHE/HE] missed school (or was more than 30 minutes late) without a valid excuse on:

Thursday, September 12, 2015
Thursday, September 19, 2015
Thursday, September 27, 2015

Being absent can lead to doing poorly in school. Students who miss many days of school are more likely to:

- Fail their classes
- Drop out from high school
- Have poor relationships with parents and teachers

We are required by [STATE] law to send you this letter and to warn you of the consequences of additional unexcused absences (see sidebar).

Please remember that every absence matters and just a couple days each month adds up. **You are key to improving [STUDENT NAME]'s attendance.**

Sincerely,
Principal X

Truancy - [STATE] Education Code School administrators determine what types of absences are excused or unexcused based on state law and on the facts of the pupil's circumstances. When a child is absent from school and/or tardy in excess of 30 minutes on three (3) occasions in one school year without a valid excuse, the law considers that child to be truant.
Education Code Section 48260.5 requires us to inform you of the following:
• That the parent or guardian is obligated to compel the attendance of the pupil at school.
• That parents or guardians who fail to meet these obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section 48290) of Chapter 2 or Part 27.
• That alternative education programs are available in the district.
• That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the pupil's truancy.
• That the pupil may be subject to prosecution under Education Code Section 48264.
• That the pupil may be subject to suspension, restriction, or delay of the pupil's driving privilege pursuant to Section 13202.7 of the Vehicle Code.
• That it is recommended that the parent or guardian accompany the pupil to school and attend classes with the pupil for one day.

If you have concerns about your child's attendance or if you believe our records are inaccurate contact the school at «SCHOOL_PHONE_NUMBER».

Winter Messaging Toolkit

Stay the Course: Support Attendance, Engagement and Learning in the Winter Months

<https://www.attendanceworks.org/resources/messaging/stay-the-course-a-winter-messaging-toolkit/>

Promoting Good Attendance All Winter Long

Every winter, bad weather — snow, slush, freezing temperatures or even heavy rains — can present challenges to getting children to school. So do the illnesses such as colds, flu, fevers and earaches that often come with the winter months. Students might also have to stay home due to Covid-19.

1. Develop back up plans for getting your children to school in bad weather.

- Check to see who can give your children a ride to school if you aren't able to take them or the bus doesn't arrive.
- Talk with your school about forming a "walking school bus" with other families to get students to school safely.
- Contact your local government if roads to school are not regularly plowed.
- Join other families to clear snow from the sidewalks closest to the school.
- Tell school administrators about transportation challenges, including safety, and ask if they have plans for transporting students.

WHAT CAN PARENTS DO?

2. Keep your children healthy.

- Maintain a regular bedtime and morning routine.
- Ensure students eat a good breakfast every morning or check to see if your school serves breakfast.
- Ensure your children visit their medical provider and have received their vaccines, including flu and Covid.
- Stress hand washing, particularly before and after eating, and after using the restroom.
- Reinforce the importance of avoiding close contact with individuals who are sick, and not sharing cups and/or utensils with others.
- If your children seem anxious about going to school, ask teachers, school counselors, your medical provider and parents for advice on how to make your children feel comfortable and excited about learning.
- If you are concerned your children may have Covid, call your medical provider or school nurse for advice.

3. Keep your children engaged in learning if they cannot attend school in person.

- Ask your teacher or school for resources that you can use at home to keep your children learning, including computer tablets, internet access and online learning platforms.
- Identify who can support your children's learning at home, especially if you must go to work.
- Encourage your children to call classmates and stay connected to the teacher to find out about what they missed.

Timing	Before Start of School Year (July/August)	Welcome Back (August/September)	Ongoing (Weekly)	Fall Semester (October – November)	Winter Semester (December – February)	Spring Semester (March-April)	End-of-Year (May/June)
School Team	Establish school team to address attendance. Develop a yearly attendance plan and goals. Agree on metrics to monitor for in-person and distance learning. Utilize start of school year PD days for teachers and school staff to discuss yearly plan and whole school strategies.	Conduct team meeting by the second week of school.	Hold team meetings.	Review early warning data. Ensure staff are prepared to discuss attendance in a caring manner in parent-teacher conferences, outreach calls and home visits.	Revisit data to measure progress and revise school-wide strategies as needed. Expand team as needed to address reasons for absence.	Ensure staff are prepared to discuss attendance in parent-teacher conferences. Assess strategies and write school improvement plan.	Review data. Share data with student's next teacher for smooth transitions and trouble shooting.
Tier 1 (Universal)	Promote attendance messaging during registration/enrollment. Have home visits/phone calls to build relationship and remind families about the first day of school. Plan welcoming traditions for incoming early grades, transition grades and new students and their families. Ensure there is attention paid to students with disabilities and other student groups with historically high levels of absenteeism.	Disseminate in-person health and safety protocols. Share back-to-school messaging about the importance of attendance for in-person and distance learning. Establish good and improved attendance recognition schedule/process. Conduct welcoming traditions for students and families. Promote immunization activities.	Promote and maintain a positive school climate. Ask staff to establish daily, weekly and monthly routines to build relationships in the classroom and connection to the school. Hold weekly/monthly recognition. Ensure positive, regular communication with families about student attendance.	Provide a warm welcome for students who start later in the school year. During parent-teacher conference recognize good attendance and express concerns in a supportive manner if needed. Anticipate and plan activities/supports to minimize dips in attendance during holidays. Conduct a resource fair for students and their families.	Share messaging and engaging activities around winter holidays. Use data to identify attendance dips and align events to mitigate low attendance days. Schedule mid-year activities to remind school community about attendance.	Hold parent-teacher conference student attendance check-in. Plan engaging activities and messaging to avoid the spring slump.	Establish or amplify end of year traditions to keep the school community engaged and to maintain student attendance in last weeks of school. Acknowledge attendance successes.

UPDATED! Data Tracking Tools

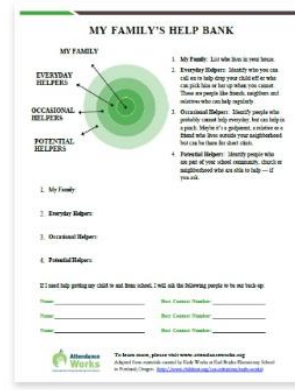

What? Attendance Works District and School Attendance Tracking tools!

Why? These tools will help you analyze your local data.

This new version now captures information about students experiencing extreme chronic absenteeism (missing 50% or more of school).

When? Before the new school year begins is an excellent time to examine who was chronically absent last year.

How to Use the Attendance Playbook

The Guide to the Attendance Playbook offers practical tips for:

- Forming a team
- Using attendance data to determine the number of strategies
- Analyzing why students are absent and selecting strategies that address those reasons
- Realistically assessing your team's capacity to implement each strategy
- Selecting strategies that are likely to have the greatest impact for the lowest effort
- Making an implementation plan
- Assessing how well the strategies worked
