Three E-Learning Sessions

During these sessions, participants will learn how to work as a team to take a multi-tiered approach to improve attendance in their schools:

- ❖ **Session 1** — Whole School Engagement Strategies for Reducing Student Absenteeism
- ❖ **Session 2** — Early Intervention Strategies: Using Teams to Monitor and Identify Students in Need of Support
- ❖ **Session 3** — Partnering to Make a Difference

Learning Goals for Session 1

Participants will:

- Draw on whole school strategies to create
 - positive conditions for learning and
 - strong relationships with students and families that prevent absenteeism
- Understand what chronic absence is and why it matters
- Be introduced to the framework of multi-tiered attendance strategies that moves schools towards prevention and early intervention
- Learn effective strategies to communicate with families about attendance

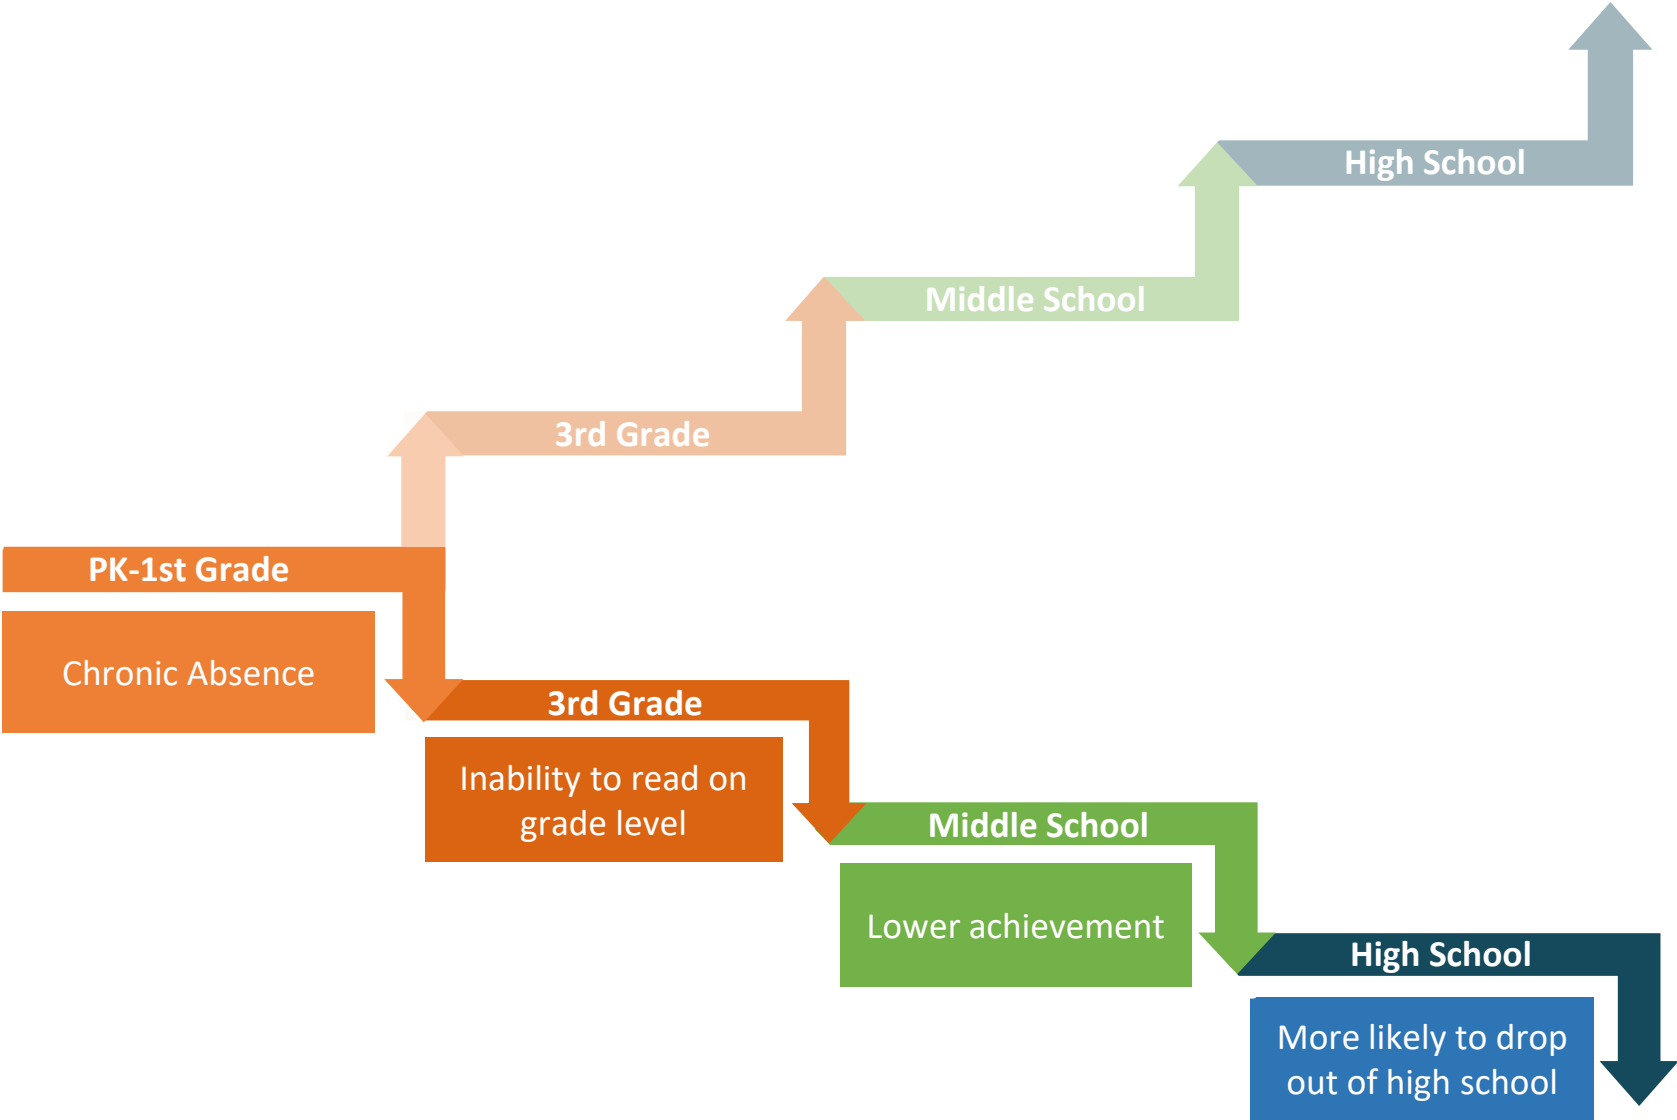

Welcome & Introductions

Use the Chat and share:

- ✓ Your name and role
- ✓ Your school and parish
- ✓ ***Who or what*** motivated you to attend school every day?

Overview of Chronic Absence

Improving Attendance Matters

What is chronic absence?

Chronic absence is missing so much school for any reason that a student is academically at risk.

Chronic absence is defined as **missing 10 percent or more of school for any reason.**

Chronic absence is different from **truancy** (unexcused absences only) or **average daily attendance** (how many students show up to school each day).

What's the Difference between Chronic Absence vs. Truancy?

Truancy

- ▲ Counts **ONLY** unexcused absences
- ▲ Emphasizes individual compliance with school rules
- ▲ Uses legal, typically more blaming and punitive, solutions

Chronic Absence

- Counts **ALL** absences (*excused, unexcused, and suspensions*)
- Emphasizes impact of missed days and benefits of being present
- Uses preventative, problem-solving, trauma-sensitive strategies
- Cultivates family and student engagement

**What is the relationship

Attendance is a Tiered Approach**

Multi-tiered System of Support for Attendance

Positive Conditions for Learning Lead to Students Being Engaged and Attending Regularly

Tier 1: Universal Attendance Supports

- ❖ Clear, concise and consistent communication about schedules and expectations
- ❖ Routines, rituals and celebrations related to attendance and engagement
- ❖ Personalized positive communication to students and families when students are absent
- ❖ Recognition of good and improved attendance
- ❖ Connection to a caring adult in the school
- ❖ Every child and their family encouraged to develop a success plan that includes attention to attendance
- ❖ Individual Graduation Plan

Tier 2: Early Interventions Layer in Support and Remove Barriers to Attendance

- ❖ Common community and school barriers identified and addressed
- ❖ Attendance strategies added to IEP
- ❖ Family visit
- ❖ Mentors (e.g., Success Mentors, Peer Group Connections)
- ❖ Intensive tutoring
- ❖ Check-In/Check-Out (CICO)
- ❖ Expanded learning opportunities
- ❖ Small group interventions and supports for students
- ❖ Restorative alternatives to discipline and suspension
- ❖ Strategic outreach to incoming ninth graders

Tier 3: Intensive interventions

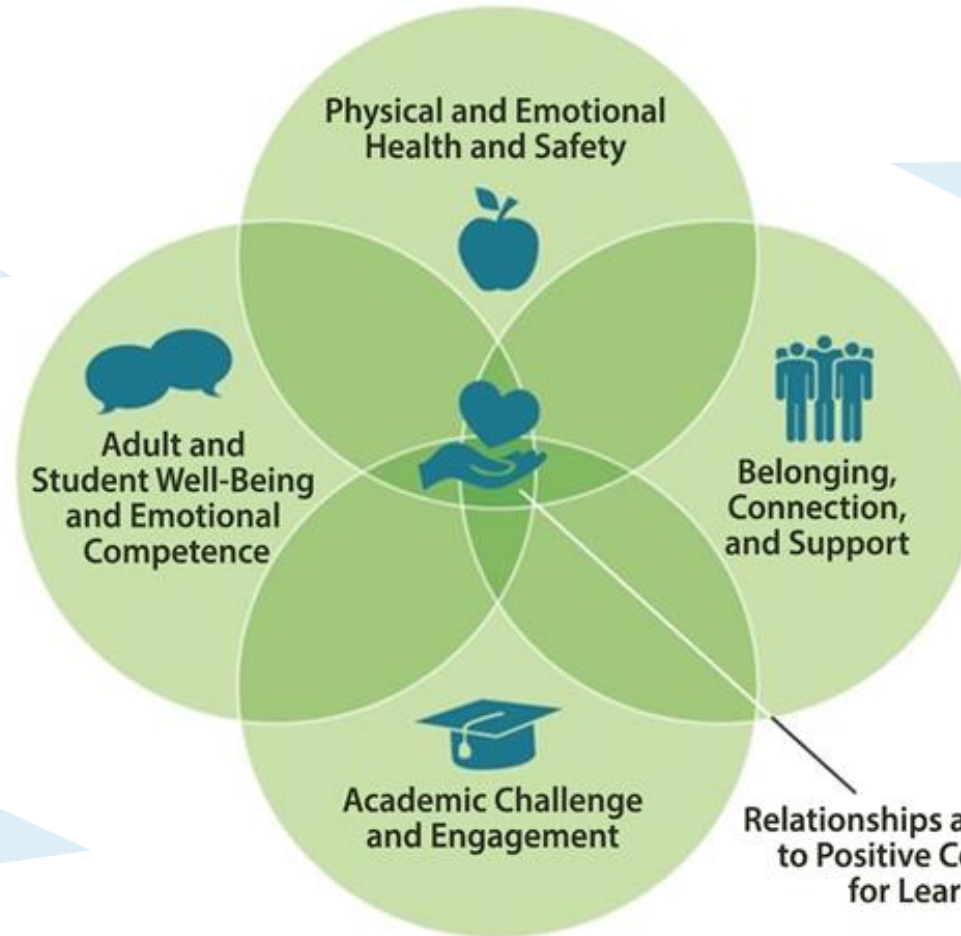

- ❖ Educational support champions / advocates
- ❖ Interagency case management
- ❖ Housing stability supports
- ❖ Student attendance review board
- ❖ Community-based, non-criminal truancy court
- ❖ Legal intervention (*as a last resort*)

Positive Conditions for Learning Lead to Students Being Engaged and Attending Regularly

- Restorative check-ins
- Access to health care & mental health supports
- Trauma-informed practice
- Staff self-care

- Healthy learning environments
- Welcoming, safe school climate
- Access to food & other basic needs
- Restorative circles

- Access to tech & internet
- Learning supports
- Project-based learning
- Credit recovery opportunities
- Internships/community service
- Alternative scheduling options

- Active student & family engagement
- Advisories/meetings to build community
- Enrichment & clubs
- Positive peer connections

Positive Conditions: Academic Challenge and Engagement

Type in Chat:

What does it look like when students are completely engaged in their learning?

Strategies to Address Academic Challenge & Engagement

- Individual learning plans and multiple pathways
- Problem-based learning
- Apprenticeships, internships, and community service
- Student-led conferences and capstone projects
- Culturally relevant pedagogy that builds on student strengths and identities

Student engagement	
Attention	Curiosity
Interest	Optimism
Passion	Persistence
Creative problem-solving	

Conditions for Learning: Belonging, Connection and Support

Challenging Condition

- Limited support provided
- Weak relationships between students and staff
- Negative peer relationships

Positive Condition

- Meaningful connection to adults in the school
- Adults emotionally attuned to students
- Care and inclusivity
- Cultural respect and responsiveness
- Positive peer relationships
- Equitable, effective and available support

About your school:

- In your experience, what creates a sense of belonging, connection and support in your school?
- How do you reach students and families who've been disconnected?

Ground Rules

- Turn on your video camera
- Briefly introduce yourself
- Raise your hand to speak
- Ask clarifying questions
- Explore differences of opinion
- Create space for everyone to speak (*and use the chat to express ideas*)
- The person whose first name is closest to the letter "A" should facilitate.

Key Elements

See all students at-a-glance.

See who is well-supported and who needs support by adults.

Involve *all* adults in relationship mapping.

Key Benefits

Connect all students to at least one school adult.

A *Relationship Map* lists *all* students in a school (or grade, team, etc.).

A *Relationship Map* allows adults in a school to have a quick and visual snapshot of students who are well supported and who most need support. Knowing this, adults can then strategize about how to best reach out to students who most need positive and supportive relationships with adults.

A *Relationship Map* is most effective if *all* adult stakeholders with a connection to students participate in its creation. This includes administrators, teachers, counselors, sports coaches, mentors, community partners, and other school staff.

A *Relationship Map* helps identify students who do not already have adult connections and provides opportunities for adults in school to build positive relationships with those students.

Strategies and Tools to Communicate About Attendance

Toolkit: Showing Up Matters for R.E.A.L.

It is an opportunity to...

✓ **Build Routines**

Daily attendance routines can reduce stress and create a sense of safety and security especially after chaotic transitions.

✓ **Increase Engagement**

Being in school helps build relationships with peers and school staff that nurture engagement.

✓ **Provide Access to resources**

Schools provide access to meals, health and mental health services, tutoring, mentoring, technology, extracurriculars (sports, clubs, music, etc.), afterschool and summer programs.

✓ **Support Learning**

Showing up to school regularly helps students become proficient in reading and math and graduate from high school.

Forging Partnerships with Students and Families to Support Engagement and Attendance

- ✓ Engage in two-way, supportive communications about attendance and engagement throughout the school year
- ✓ Provide tailored, personalized and caring messages to students and families who are chronically absent
- ✓ Offer actionable steps to improve attendance
- ✓ Make sure families receive updated health guidance, resources to meet basic needs as well as as support for learning at home

Utilize Research about Effective Attendance Messaging to Improve Your Communications

1. Readable

- Fewer words
- Accessibility: [Flesch-Kincaid readability test](#)
- Skimmability: bullets, format reinforces message

2. Programmatic

Let's Practice.

Which of these flyers aligns with research? Why?

HOW TO TALK TO CHILDREN

With the widespread news coverage about the coronavirus, known as "COVID-19", children may develop fears about the risk to their own health and safety. It is important for parents to listen to these fears, and learn some of the basic facts themselves.

Be aware of your own behavior
It can impact how your child may feel. If you're anxious, they could take their cues from you.

Stay up-to-date with information
This can help you understand and share the facts about COVID-19 with your children.

Know whether or not to talk about COVID-19 with them
It is important to know what children have heard about COVID-19 already. It is likely that they are talking about it in school, so just because your child doesn't bring it up, doesn't mean they aren't thinking about it.

Explain what is currently being done to contain COVID-19
Reassure children that the measures put in place are the best ways to keep them safe. The U.S. is carefully monitoring the situation and currently the risk in Chester County remains low. Health Departments, such as the Chester County Health Department, are encouraging personal preparedness and prevention tips to keep the community healthy.

Know what information your children are exposed to
Be mindful about where your children are being exposed to information about COVID-19. For example, they may overhear conversations, or pick up on the continuous news headlines that adults have on as background. For teenagers and tweens who have access to news online and via social media, ask them what they are seeing and hearing about COVID-19. Help correct misinformation, and if you don't know the answer, be honest. You can research the answers together.

Validate their feelings and reassure them
Parents should listen to their child's fears and try to understand what they are feeling. Avoid saying things like "you'll be fine" or "don't worry about it."

Give them action items
Remind them of the importance of washing hands often (for at least 20 seconds), avoid touching their eyes, mouth, and nose, and keeping their areas clean by wiping down things that are used often. If your preparedness plans include stocking up on groceries and toiletries, like you would before a big snowstorm, ask your child to help. Invite them to go the store with you. Having a stash of their favorite snacks in the pantry may help them feel more prepared.

SHOULD MY KID STAY HOME FROM SCHOOL TODAY?

KEEPING SICK KIDS AT HOME IS IMPORTANT
For their health For preventing the spread of illness

SIGNS THAT YOUR CHILD SHOULD STAY HOME FROM SCHOOL

FEVER
Feels warm
Appears flushed
Has a temperature higher than 100.4 °F or 38 °C

PERSONALITY CHANGES
Doesn't seem like herself
Has no appetite
Is acting clingy

STOMACH SYMPTOMS
Nausea
Vomiting
Diarrhea

LETHARGY
Was up coughing all night and appears tired
Didn't wake up on her own as usual
Seems too fatigued to participate in school activities

PREVENTING THE SPREAD OF ILLNESS

WHEN SOMEONE IN YOUR FAMILY IS SICK, YOU CAN HELP KEEP YOUR CHILD HEALTHY BY:

Teaching her to wash her hands often
Encouraging her not to touch her eyes, nose, and mouth
Cleaning and disinfecting surfaces that may be contaminated with germs

FLU FACTS TO KNOW

Kids with the flu should not go to school

Flu season usually begins in October in the U.S.

The CDC recommends that individuals older than 6 months receive annual flu vaccinations

Thousands of kids under age 5 are hospitalized each year due to flu complications

Common flu symptoms include headache, fever, extreme fatigue, sore throat, dry cough, muscle aches, runny nose, nausea, vomiting, and diarrhea

Help Your Child Succeed in School: Build the Habit of Good Attendance Early

DID YOU KNOW?

- Starting in preschool and kindergarten, too many absences can cause children to fall behind in school.
- Missing 10%, or about 2 days each month over the course of a school year, can make it harder to learn to read.
- Students can still fall behind if they miss just one or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences and tardiness can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Eventually good attendance will be a skill that will help them succeed in high school and college.

WHAT YOU CAN DO

- Set a regular bedtime and morning routine.
- Lay out clothes and pack backpacks the night before.
- Find out what day school starts and make sure your child has the required shots.
- Introduce your children to their teachers and classmates before school starts.
- Develop backup plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Avoid medical appointments and extended trips when school is in session.
- Keep in mind that complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home. If your child seems anxious about going to school, talk to teachers, school counselors and other parents for advice on how to make your child feel comfortable and excited about learning.
- If your child must stay home due to illness, ask the teacher for resources and ideas to continue learning at home

When Do Absences Become a Problem?

	CHRONIC ABSENCE 18 or more days
	WARNING SIGNS 10 to 17 days
	SATISFACTORY 9 or fewer absences

Note: These numbers assume a 180-day school year.

Dear Parent/Guardian:

Good attendance is required for academic excellence. [STATE] Education Code determines what types of absences are excused or unexcused. When a child is absent from school and/or tardy in excess of 30 minutes on three (3) occasions in one school year without a valid excuse, the law considers that child to be truant. The law and district policy requires all schools to notify parents when this occurs. The [district name] central office automatically sends these letters based on school records so that parents are aware of absences and can address these concerns.

School records indicate that your child was absent from school without a valid excuse on occasions, beginning with the following dates:

Thursday, September 12, 2015
Thursday, September 19, 2015
Thursday, September 27, 2015

Our goal is to partner with families to ensure that students are attending school every day. Although the following consequences may appear harsh we are mandated by Education Code Article 48260.5 to inform you of the following:

- That the parent or guardian is obligated to compel the attendance of the pupil at school.
- That parents or guardians who fail to meet these obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section 48290) of Chapter 2 or Part 27.
- That alternative education programs are available in the district.
- That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the pupil's truancy.
- That the pupil may be subject to prosecution under Education Code Section 48264.
- That the pupil may be subject to suspension, restriction, or delay of the pupil's driving privilege pursuant to Section 13202.7 of the Vehicle Code.
- That it is recommended that the parent or guardian accompany the pupil to school and attend classes with the pupil for one day.

Please recognize that we are required to monitor attendance and notify parents of potential problems with student attendance. If you have concerns about your child's attendance, or if you believe there is an error in this notice, contact the school at «SCHOOL_PHONE_NUMBER». The designated attendance personnel will work with you to resolve this issue. We look forward to assisting you.

Sincerely,

Condition D
Add-up Notice

We need your help. [STUDENT NAME]'s absences from school are concerning, and your partnership is critical. Students who miss just one or two days of school each month can fall seriously behind.

[STUDENT NAME] is now "truant" because [SHE/HE] missed school (or was more than 30 minutes late) without a valid excuse on:

Thursday, September 12, 2015
Thursday, September 19, 2015
Thursday, September 27, 2015

Being absent can lead to doing poorly in school. Students who miss many days of school are more likely to:

- Fail their classes
- Drop out from high school
- Have poor relationships with parents and teachers

We are required by [STATE] law to send you this letter and to warn you of the consequences of additional unexcused absences (see sidebar).

Please remember that every absence matters and just a couple days each month adds up. You are key to improving [STUDENT NAME]'s attendance.

Sincerely,
Principal X

Truancy - [STATE] Education Code School administrators determine what types of absences are excused or unexcused based on state law and on the facts of the pupil's circumstances. When a child is absent from school and/or tardy in excess of 30 minutes on three (3) occasions in one school year without a valid excuse, the law considers that child to be truant.
Education Code Section 48260.5 requires us to inform you of the following:

UPDATED! Data Tracking Tools

What? Attendance Works District and School Attendance Tracking tools

Why? These tools will help you analyze your local data. This version now captures information about students experiencing extreme chronic absenteeism (missing 50% or more of school).

When? Before the new school year begins is an excellent time to examine who was chronically absent last year.
