

Session 3:

Partnering to Make a Difference

Professional Learning Series

February 15, 2024

Eva Melendrez
Family Engagement Coordinator
Clark County School District

Welcome!

Lorri Hobson
Director of Product Development

Gisela Ariza
Associate Director of Programs

Three E-Learning Sessions

During these sessions, participants will learn how to work as a team to take a multi-tiered approach to improve attendance in their schools:

- ❖ **Session 1** — Whole School Engagement Strategies for Reducing Student Absenteeism
- ❖ **Session 2** — Early Intervention Strategies: Using Teams to Monitor and Identify Students in Need of Support
- ❖ **Session 3** — Partnering to Make a Difference

Welcome!

If you wish to review Session 2, please take a look at the slides, list of materials and the recording.

- ❖ [Recording: Session #2](#)
- ❖ [Presentation slides](#)
- ❖ [Outline & Summary of Resources](#)

Getting Started: Introductions

Use the Chat and share:

- ✓ Your name, role, district or school
- ✓ A key community partner for engaging students in school

Poll

What has been most valuable to you from the first 2 classes? (check all that apply)

- The key functions of an attendance team
- Taking a multi-tiered approach to reducing absenteeism beginning with prevention
- Effective communication strategies
- Using chronic absence data to inform action
- Identifying root causes of absenteeism
- Other (*type in chat*)

Pop Quiz

1. Early intervention begins when students miss 20% of school. (True or False)
2. There are many factors affecting student attendance. (True or False)
3. Schools must form a stand-alone attendance team. (True or False)
4. You matter! (True or False)

Learning Goals for Session 3

Participants will:

- Learn strategies for mobilizing school staff and community agencies to partner with families to improve attendance and engagement.
- Find out about how to determine if your efforts are making a difference.

Session 2

- 1. Organize a multi-tiered attendance strategy that begins with prevention and early intervention.**
- 2. Examine attendance and absenteeism data to assess which groups of students have higher or lower levels of absence.**
- 3. Identify assets, barriers and strategies that affect attendance.**

Session 3

- 4. Mobilize everyone in the school community to address attendance.**
- 5. Determine if you are making a difference.**

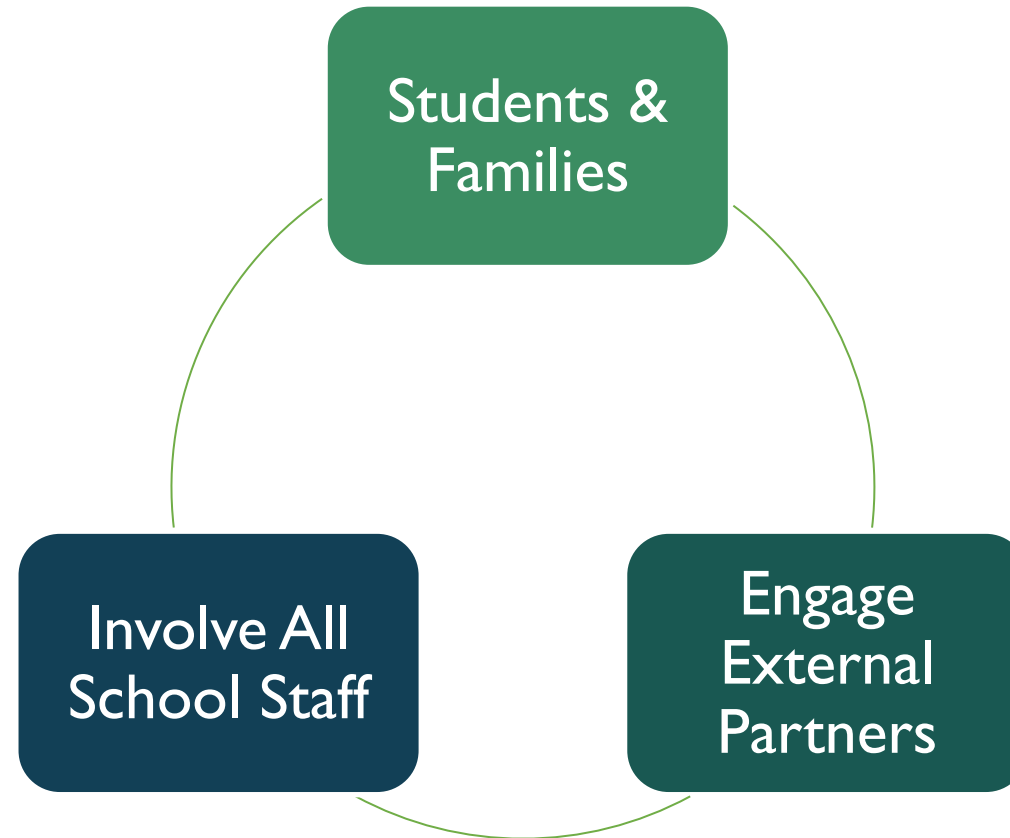

Team Function #4:

**Mobilize everyone in the school
community to address attendance**

Mobilize the School Community to Address Attendance

Changing the Power Dynamics: Shifting to a Partnership Approach

Problem Focused	to	Partnership Focused
Approach family <i>only</i> to address a problem		Initial outreach focuses on building a relationship
One-way messaging to families		Start with listening to families; Find out hopes, dreams, assets, and needs
Focus <i>only</i> on barriers		Leverage student/family strengths to overcome challenges
Presume you have all the answers and know what is best for the family/student		Collaborate with families and encourage practices that build upon their assets and priorities

Reflection

Share your thoughts in Chat:

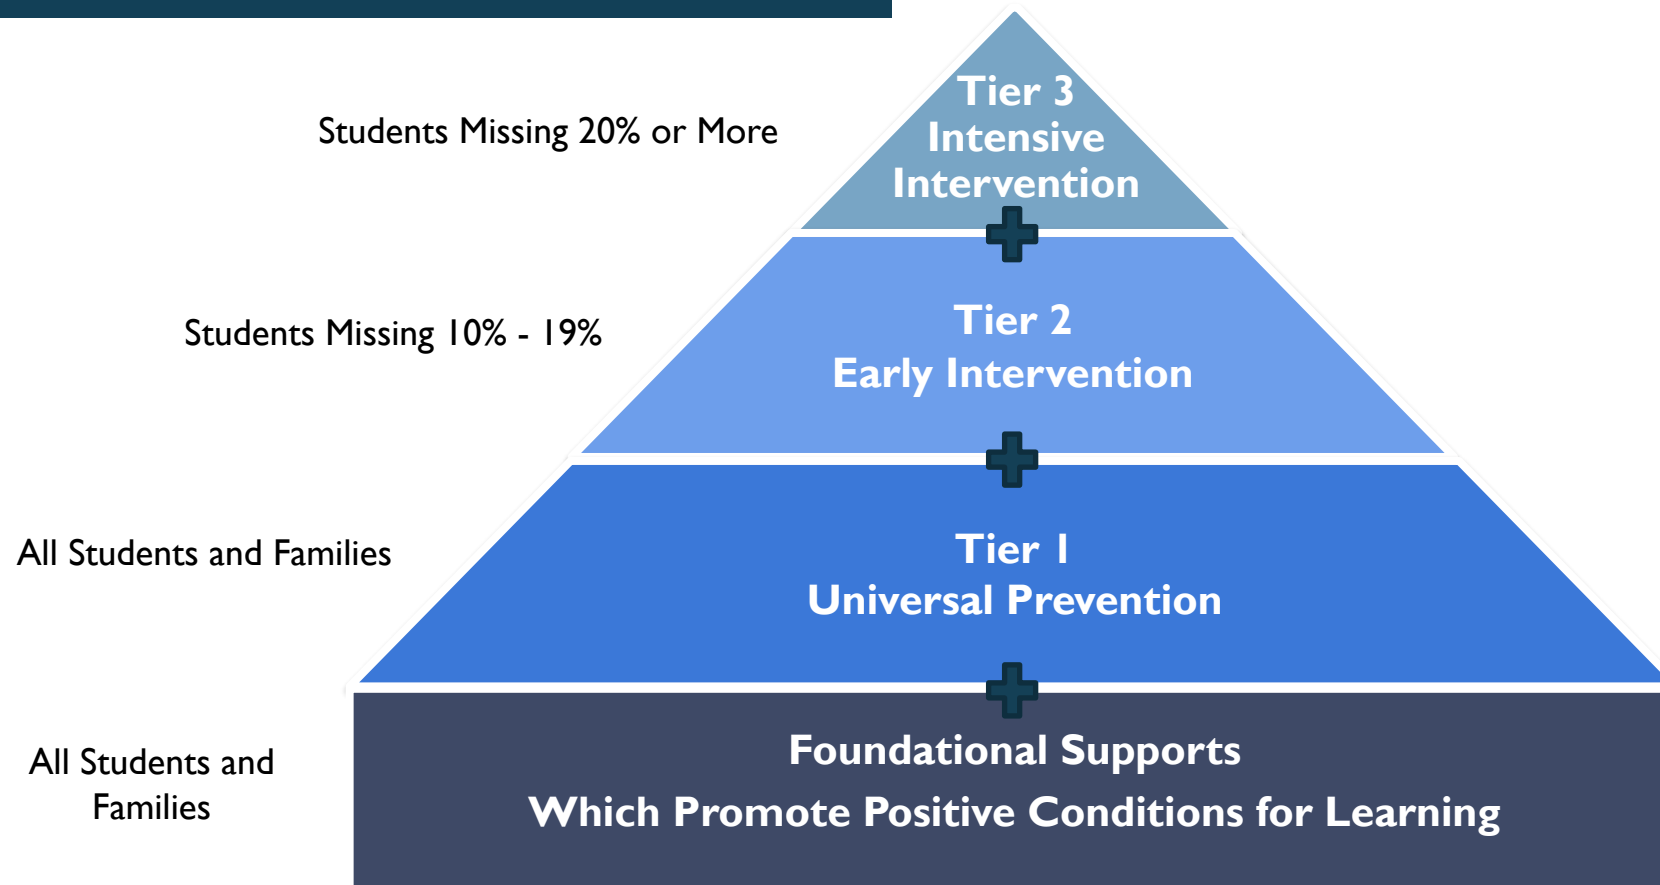

1. What's the connection between this video and attendance?
2. How are you encouraging everyone at your school to get involved in attendance and engagement?

Mobilize the Community: **Involve All School Staff in Caring Conversations**

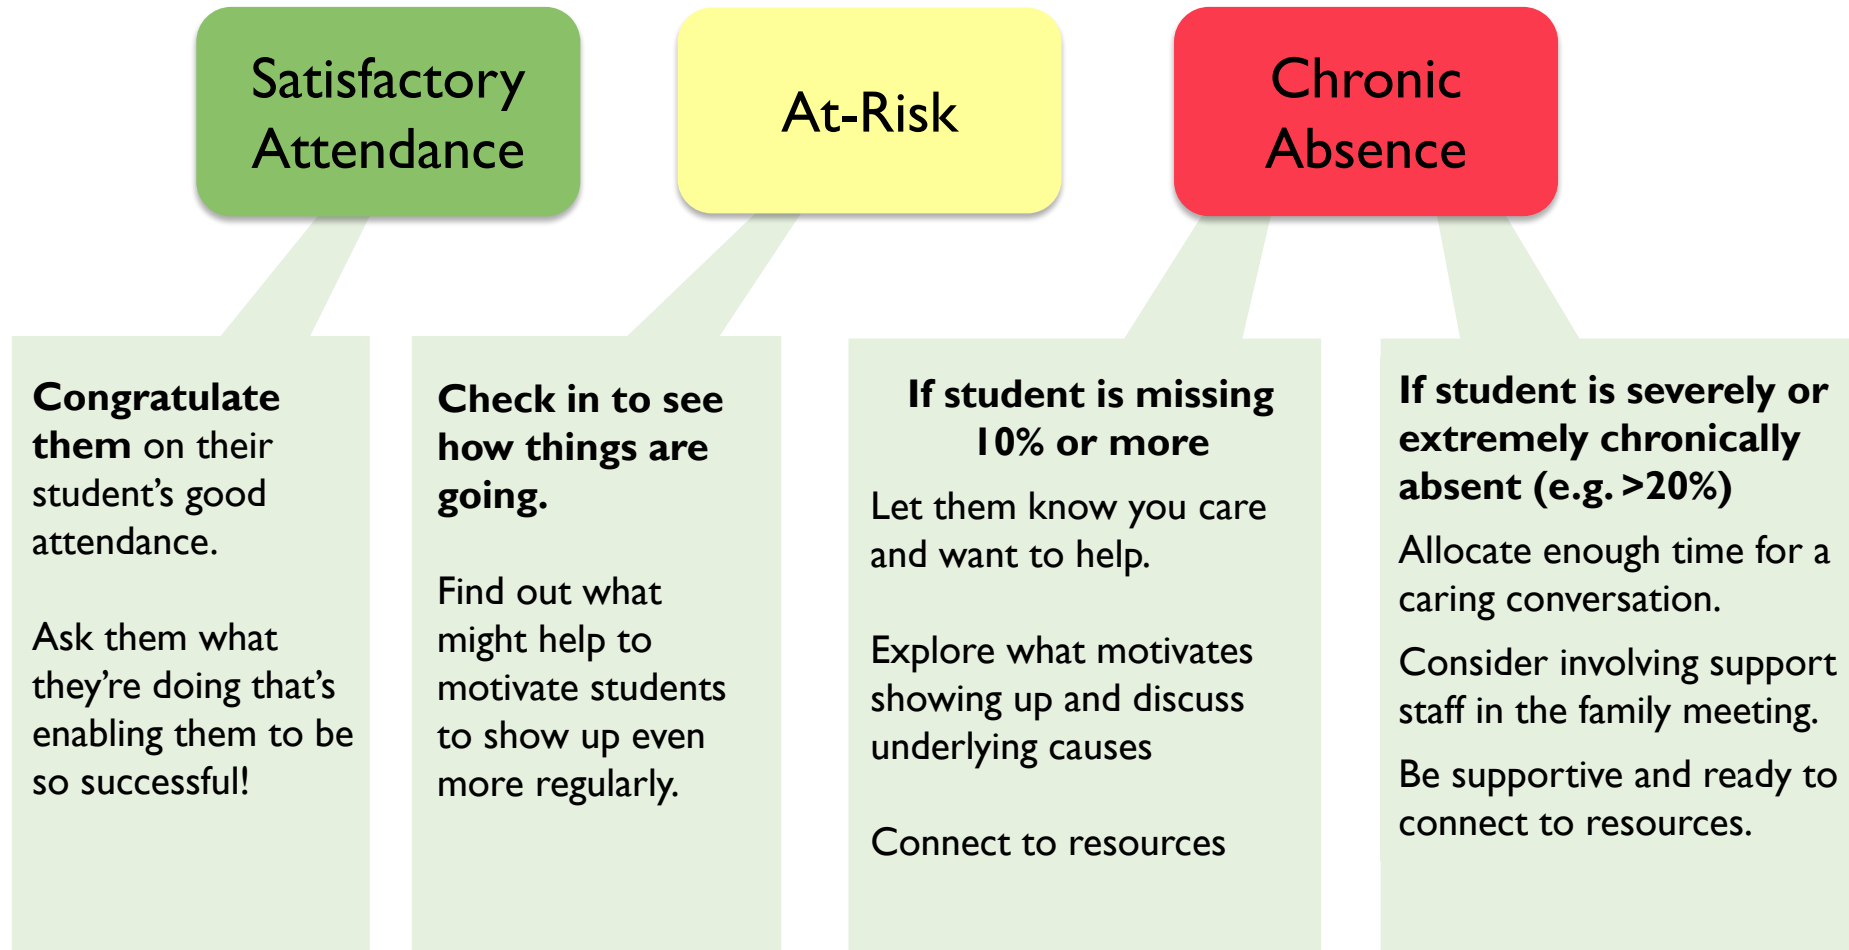

Multi-tiered System of Support for Attendance

Tailor Conversations to Students' Attendance Status

Whole-Group Reflection

We've all had the experience of conversations going poorly when trying to broach a sensitive subject. Take a moment and reflect about an instance when this happened.

- Why the conversation went badly
- What could have helped

Sample Scenario: *Modeling Caring Conversations*

- **You are Charles' teacher.** Charles Brown is an 11th grader who struggles to keep up. Since returning to school in person, Charles has been quiet and distracted in class. In the first 12 weeks of school, he has missed 8 days and been tardy 15 times.
- **You are Charles:** Charles has the responsibility for getting his younger siblings to elementary school since his mother is at work by the time the children wake up for school. He also has taken a part-time job to help out. The entire family is still grieving the death of the father.

Steps 1 & 2: Learn and Share

Share in Chat:

What excellent questions can you ask to learn about a student's family?

What are some positive observations about a student you might share with the student or family?

01

Learn

Learn about the student's family. What are their hopes and dreams for their student? What does the student enjoy about school this year? What has been interesting or challenging about learning?

02

Share

Share positive things you've observed about the student. Share your own vision for student learning & development.

Step 3: Inform

03

Inform

Review attendance with parents. Tailor conversation to student's level of absenteeism & inform them of possible impacts of missing school. How might poor attendance affect their hopes and dreams for their student?

1. Show absences marked on a school calendar
2. Identify patterns
3. Share what key concepts a student missed relating back to the hopes and dreams that the student or parents shared

Step 4: Discuss

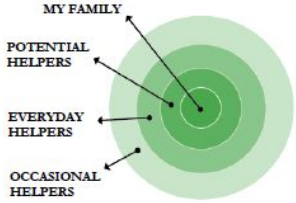

04

Discuss

Discuss what works to get their student to school as well as challenges.
Explore options for making up for lost learning time in the classroom.

1. Learn about student motivations
2. Discuss reasons for absenteeism
3. Explore what would help reduce absences and increase engagement
4. Identify opportunities to make up for lost learning in the classroom
5. Use help bank to identify support systems

MY FAMILY'S HELP BANK
CREATE BACKUP PLANS FOR GETTING TO SCHOOL

1. **My Family:** List who lives in your house.
2. **Everyday Helpers:** Identify who you can call on to help drop your child off or who can pick your child up when you cannot. These are people like friends, neighbors and relatives who can help regularly.
3. **Occasional Helpers:** Identify people who probably cannot help every day, but can help in a pinch. Maybe it's a godparent, a relative or a friend who lives outside your neighborhood but can be there for short stints.
4. **Potential Helpers:** Identify people who are part of your school community, church or neighborhood who are able to help—if you ask.

1. My Family: _____

2. Everyday Helpers: _____

3. Occasional Helpers: _____

4. Potential Helpers: _____

If I need help getting my child to and from school, I will ask the following people to be our back-up:

Name: _____	Best Contact Number: _____
Name: _____	Best Contact Number: _____
Name: _____	Best Contact Number: _____

Step 5: Arrive at a Plan

05

Arrive at a Plan

Assess strategies for addressing absences. Help students and families develop an attendance and learning plan. Offer referrals to services as needed and ask if there are other ways you can help.

1. Work with the family to identify specific steps that will help to prevent absenteeism in the future
2. Develop and complete a plan for attendance and learning
3. Ensure that the plan includes any support that the school will offer as well
4. Provide a copy of the plan to the student/parent
5. Agree on a timeline to check in and see how things are progressing

© Attendance Works

MY CHILD'S ATTENDANCE SUCCESS PLAN

POSSIBLE STRATEGIES TO REACH MY CHILD'S ATTENDANCE GOALS AND HELP MY CHILD GAIN THE SKILLS TO DO WELL IN SCHOOL AND TO READ BY 3RD GRADE.

- Keep an attendance chart at home to track absences. Consider using the attached calendar.
- At the end of the week, I will recognize my child for attending preschool every day with _____ (i.e., a visit to the park, a new book, a special treat, a hug, etc.)
- Make sure my child is in bed by _____ p.m. and the alarm clock is set for _____ a.m.
- Find a relative, friend or neighbor who can take my child to or from preschool if I can't. I can list who can help on the Help Bank (attached).
- Set up medical and dental appointments for weekdays after preschool.
- If my child has a slight stomachache, headache or allergies, and is not sick with a contagious illness (including Covid-19), I will send my child to school. I will call the school or a health provider for advice if my child complains regularly.

To improve _____'s attendance, I commit to the following:

1. _____
2. _____

To improve _____'s attendance, the program commits to:

1. _____
2. _____

We will review progress to meet this goal in one month.

At your school:

- Who in your school community could benefit from learning about Caring Conversations?
- How and when can you introduce them to Caring Conversations?

Ground Rules

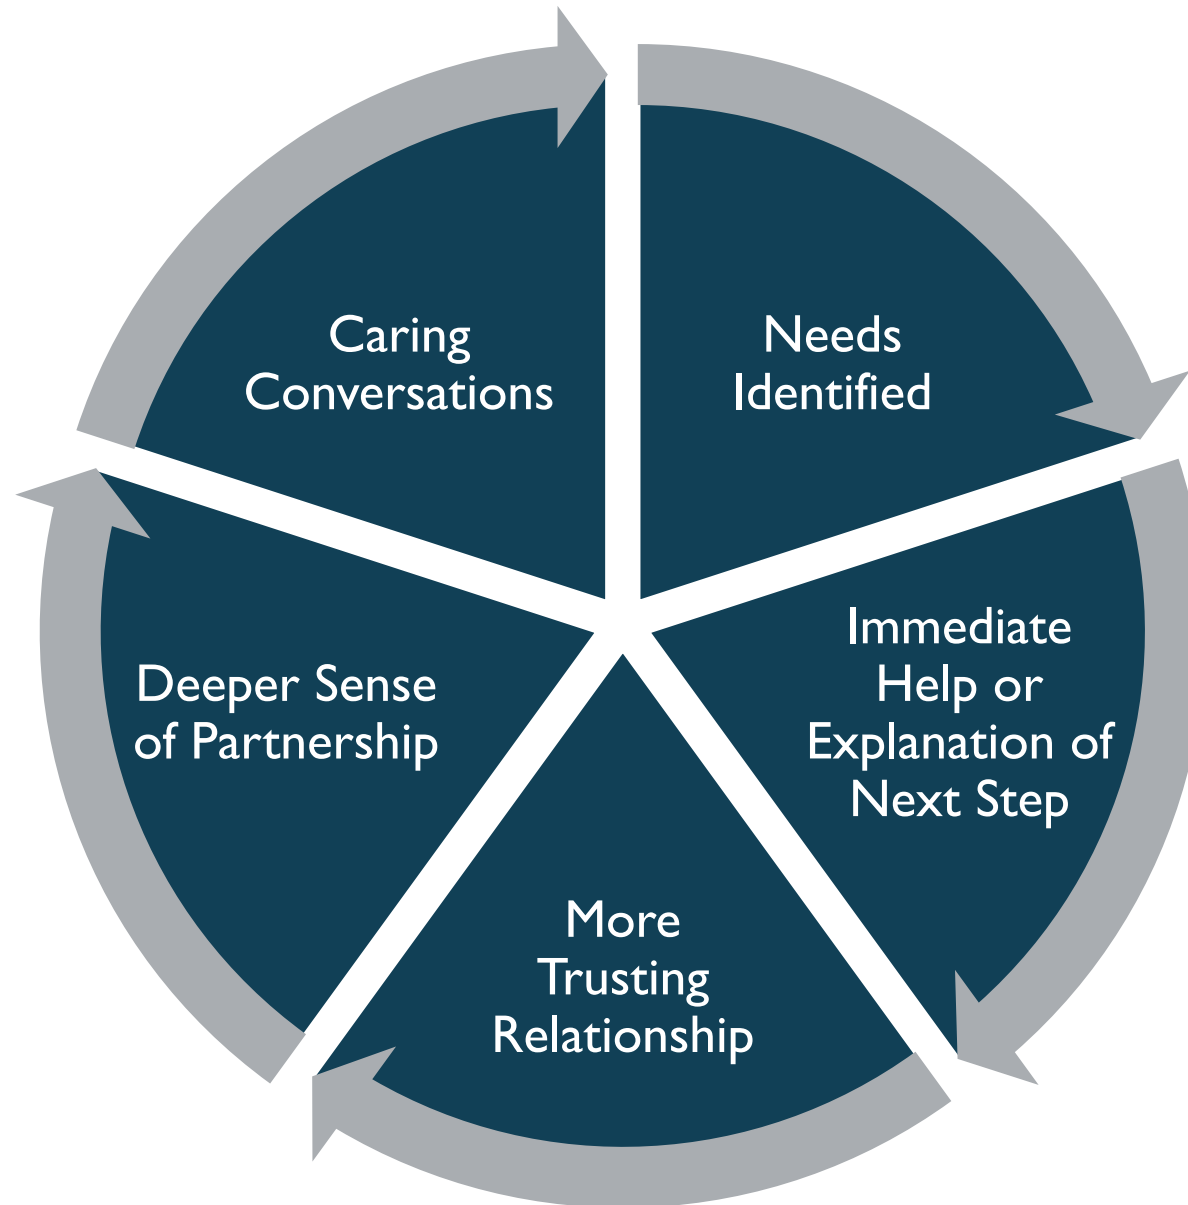

- Turn on your video camera
- Briefly introduce yourself
- Raise your hand to speak
- Ask clarifying questions
- Explore differences of opinion
- Create space for everyone to speak (*and use the chat to express ideas*)
- The person whose first name is closest to the letter “Z” should facilitate

Mobilize the Community: Engage Partners

School Self-Assessment

Poll: Sample Question

Community partners and public agencies are partners in providing support to students and families in my school.

- Strongly in Place
- Measurable Progress
- Needs Improvement
- Urgent Gap

Partners for Change

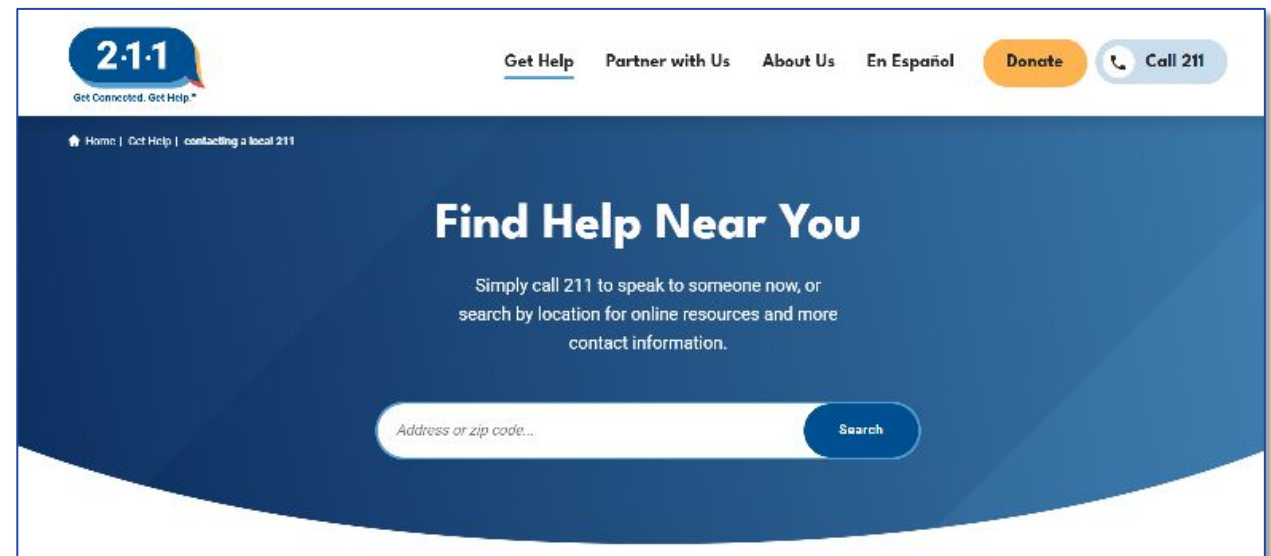

The greater the size of the challenge, the more partners are needed. Many different types of partners can be enlisted, but local government and public agencies are especially important. Tap into existing initiatives and coalitions to engage potential partners.

- Businesses
- Community Schools Initiatives
- Family Support Organizations
- Early Childhood Providers
- Faith-Based Organizations
- Health / Mental Health Providers
- Housing Agencies
- Hunger Relief Organizations
- Institutes of Higher Education
- Local / Tribal Governments
- National Service / Volunteers / Mentors
- Out –of-School Time providers
- Social Emotional Learning Providers
- Social Services
- Population-Specific Service or Civic Organizations
- Philanthropy (including foundations and United Ways)

Team Function #5:

Determine if you are making a difference

Measuring Progress

Answer these four key questions:

1. How much did we do? (*quantity*)
2. How well did we do it? (*quality*)
3. What difference did we make for the students who received support?
4. What was the impact on the school as a whole?

PDSA Example: Lunch Buddies

Goal: Improve attendance for disconnected students

Plan → Do → Study → Act (PDSA) Plan

Testers: **Counselors**

Test Title: **Lunch Buddies**

Cycle #: **1**

What change idea is being tested?

Lunch Buddies is the change idea. Counselors will invite students who seem disconnected to eat lunch and meet with peers in small groups every Friday.

Date of test: *October 23, 2023*

(After the first attempt, review the data, discuss, and make modifications to increase outcomes for the next week. Use a new form every week to record results.)

What is the overall goal of this test?

Improve attendance for students who seem to be disconnected and who have missed between 10-19% of the school year. Students who feel more connected to their peers will have better attendance. Selected students will have fewer total absences on the day of the test than on the previous Friday as a result of feeling more connected to peers.

Driver:

Positive Peer Relationships

Learning Questions: What do you hope to learn from this test?

Q1 - Are counselors willing to support this intervention?

Q2 - Which students will show up?

Q3 - Does attendance improve on Fridays?

Q4 - Are there any spillover effects, i.e., does attendance improve the other days of the week?

PDSA Example: Lunch Buddies

Goal: Improve attendance for disconnected students

Plan → Do → Study → Act (PDSA) Plan

Plan		Do	Study	
Details: What are the steps in the test? Who will implement it?	Predictions: Make a prediction for each question. Not optional.	Data you will collect	Briefly describe: what happened during the test, surprises, difficulty getting data, obstacles, successes, etc.	
<ol style="list-style-type: none"> 1. Recruit counselors 2. Select location where groups can sit in a circle 3. Agree on conversation starters 4. Invite all students 5. Special outreach to students who are chronically absent 6. Note which students attended after each session 	Q1 - Prediction - All counselors are willing to help	Attendance of counselors	We had four counselors and 24 students. The students were split into groups of six. There was a miscommunication and the special outreach to chronically absent students did not happen.	
	Q2 - Prediction - Students who have satisfactory attendance and at-risk attendance will show up. Some students who are chronically absent will show up.	List of students who participate each Friday sorted into attendance categories.		All but one of the counselors showed up. She was out sick.
	Q3 - Does attendance improve on Fridays?	Compare the total number of absences for targeted students on this Friday with the total number of absences for targeted students on previous Friday.		Of the students who were invited, half showed up. Only about a quarter of the chronically absent students made it
	Q4 - Are there any spillover effects?	Compare the total number of absences on the following Monday with previous Mondays.		Yes, several of the chronically absent students who attended the lunch had been absent the previous Friday.
			The Monday absences were the same as the previous week.	

PDSA Example: Lunch Buddies

Goal: Improve attendance for disconnected students

Plan → Do → Study → Act (PDSA) Plan

Act: Describe modifications and/or decisions for the next PDSA cycle. What will you do next?

Adapt (tweak the process and try again)

Adopt (make this my standard process)

Expand (try this for a longer period of time)

Abandon (go to a new change idea)

- Ask our assistant principal to be the backup in case anyone is out
- Ask students for ideas about a special activity they want to do as a group to build connections among group members
- We will text every student with a reminder to attend
- Expand and repeat for the next two weeks.

How to Use the Attendance Playbook

The Guide to the Attendance Playbook offers practical tips for:

- Forming a team
- Using attendance data to determine the number of strategies
- Analyzing why students are absent and selecting strategies that address those reasons
- Realistically assessing your team's capacity to implement each strategy
- Selecting strategies that are likely to have the greatest impact for the lowest effort
- Making an implementation plan
- Assessing how well the strategies worked
