### Multi-tiered System of Support for Attendance

### **Know Your Students' Attendance Status**

DAYS MISSED IN SCHOOL YEAR						
Satisfactory Attendance	Missed <b>less than 5%</b> (fewer than 9 days in a 180-day school year)					
At-risk Attendance	Missed <b>5-9.99%</b> (9-17 days in a 180-day school year)					
Moderate Chronic Absence	Missed <b>10-19.99%</b> (18-35 days in a 180-day school year)					
Severe Chronic Absence	Missed <b>20-49.99%</b> (36-89 days in a 180-day school year)					
Extreme Chronic Absence	Missed <b>50% or more</b> (90 or more days in a 180-day school year)					

# Let's Practice!

# Can you calculate the chronic absence rate and attendance category for these students?

It's the 100th day of school...

- Which students have satisfactory attendance?
- Which students are in the at-risk category?
- Which students are chronically absent?

Student	Number of Absences	Calculation	Chronic Absence Rate (%)	Attendance Category		
Harry	11	11 ÷ 100 =	11%	Moderate		
Hermione	1	1 ÷ 100 =	1%	Satisfactory		
Ron	6	6 ÷ 100 =	6%	At-risk		
Draco	22	22 ÷ 100 =	22%	Severe		
Voldemort	63	63 ÷ 100 =	63%	Extreme		

### **Tailor Conversations to Students' Attendance Status**

Satisfactory Attendance

At-Risk

Chronic Absence

Congratulate them on their student's good attendance.

Ask them what they're doing that's enabling them to be so successful!

Let them know that you are concerned about attendance because the student is beginning to head off track, and it is easy for absences to add up.

# If student is missing 10% or more

Let them know student may be at risk because of their absences.

Discuss underlying causes and how you can help.

# If student is severely or extremely chronically absent (e.g. >20%)

These families may face greater challenges.

Consider involving support staff in the family meeting.

Be supportive and ready to connect the family to community resources.

# Reflection

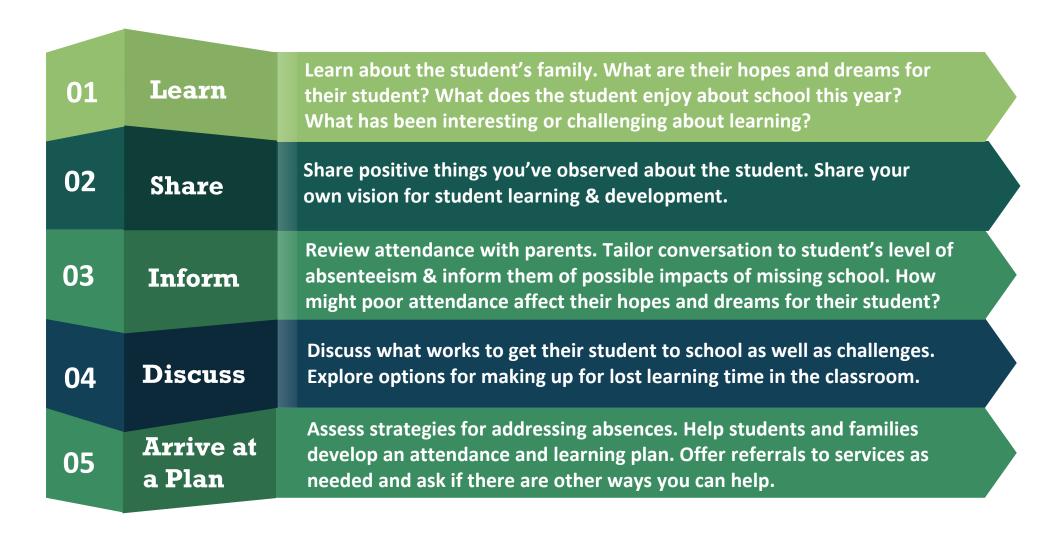

We've all had the experience of conversations going poorly when trying to broach a sensitive subject. Take a moment and reflect...

- When did this happen
- Why the conversation went badly
- What could have helped

Please share your thoughts in chat.

# Steps 1 & 2: Learn and Share

#### **Share in Chat:**

- I. What excellent questions can you ask to learn about a student's family?
- 2. What are some positive observations about a student you might share with the student or family?

#### Step 3: Inform

03

Inform

Review attendance with parents. Tailor conversation to student's level of absenteeism & inform them of possible impacts of missing school. How might poor attendance affect their hopes and dreams for their student?

- 1. Show absences marked on a school calendar
- 2. Identify patterns
- 3. Share what key concepts a student missed relating back to the hopes and dreams that the student or parents shared

#### **Step 4: Discuss**

04 Discuss

Discuss what works to get their student to school as well as challenges. Explore options for making up for lost learning time in the classroom.

- Learn about student motivations.
- 2. Discuss reasons for absenteeism.
- 3. Explore what would help reduce absences and increase engagement.
- 4. Identify opportunities to make up for lost learning in the classroom.
- 5. Use help bank to identify support systems.

23

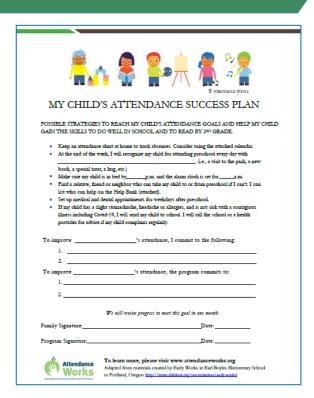

#### Step 5: Arrive at a Plan

05

# Arrive at a Plan

Assess strategies for addressing absences. Help students and families develop an attendance and learning plan. Offer referrals to services as needed and ask if there are other ways you can help.

- 1. Work with the family to identify specific steps that will help to prevent absenteeism in the future.
- 2. Develop and complete a plan for attendance and learning
- 3. Ensure that the plan includes any support that the school will offer as well
- 4. Provide a copy of the plan to the student/parent
- 5. Agree on a timeline to check in and see how things are progressing

# Caring Conversations Professional Development Resources

	Key Points	Questions and Messages
1. Learn	Gather information     Ask open-ended, supportive questions	What is your vision for <u>student's</u> future? (ask parent and student)
2. Share	<ul> <li>Positive observations about student so far</li> <li>What you want students to accomplish this year</li> <li>One goal is helping students acquire good habit of attendance</li> </ul>	is such a good listener. We love having her (you) in our class.
3. Inform	<ul> <li>Progress you've seen (start positive)</li> <li>Areas where child is struggling</li> <li>Review report card &amp; update parents on child's attendance</li> <li>Deliver appropriate attendance messages</li> </ul>	is excelling at math! and is making progress with reading. Reading remains the area that needs work.  has been late five times and has missed two days during this first month of school. Absences impede reading and overall learning progress.
4. Discuss	<ul> <li>Challenges, attendance barriers</li> <li>Learning at home activities</li> <li>How to stay connected</li> </ul>	What makes it hard for to get to school?  What helps catch up on learning given their absences?
5. Ask & Arrive at a Plan	<ul> <li>Are there any questions?</li> <li>Is there anything you can do to support a partnership between home and school?</li> <li>Make referrals to community resources</li> </ul>	What questions do you have? How can I help you? Would it help you to work with?

Team Function #5:

Determine if you are making a difference

#### **Measuring Progress**

# Answer these four key questions:

- I. How much did we do? (quantity)
- 2. How well did we do it? (quality)
- 3. What difference did we make for the students who received support?
- 4. What was the impact on the school as a whole?

# PDSA Example: Lunch Buddies

Goal: Improve attendance for disconnected students

#### $Plan \rightarrow Do \rightarrow Study \rightarrow Act (PDSA) Plan$

Testers: Counselors Test Title: Lunch Buddies Cycle #: 1

#### What change idea is being tested?

Lunch Buddies is the change idea. Counselors will invite students who seem disconnected to eat lunch and meet with peers in small groups every Friday.

Date of test: February 25, 2022

(After the first attempt, review the data, discuss and make modifications to increase outcomes for the next week. Use a new form every week to record results.)

#### What is the overall goal of this test?

Improve attendance for students who seem to be disconnected and who have missed between 10-19% of the school year. Students who feel more connected to their peers will have better attendance. Selected students will have fewer total absences on the day of the test than on the previous Friday as a result of feeling more connected to peers.

#### Driver:

Positive Peer Relationships

#### Learning Questions: What do you hope to learn from this test?

- Q1 Are counselors willing to support this intervention?
- Q2 Which students will show up?
- Q3 Does attendance improve on Fridays?
- Q4 Are there any spillover effects, i.e. does attendance improve the other days of the week?

#### $Plan \rightarrow Do \rightarrow Study \rightarrow Act (PDSA) Plan$

	Plan		Do	Study
Details: What are the steps in the test? Who will implement it?	Predictions: Make a prediction for each question. Not optional.	Data you will collect	Briefly describe: what happened during the test, surprises, difficulty getting data, obstacles, successes, etc.	What were the results? Comment on your predictions in the rows below. Were they correct? Record any data summaries as well.
Recruit counselors     Select outdoor or well-	Q1 - Prediction - All counselors are willing to help	Attendance of counselors	We had four counselors and 24 students. The students were split into groups of six. There was a miscommunication and the special outreach to chronically absent students did not happen.	All but one of the counselors showed up. She was out sick.
ventilated location where groups can sit in a circle  3. Agree on conversation starters  4. Invite all students  5. Special outreach to students who are chronically absent  6. Note which students attended after each session	Q2 - Prediction - Students who have satisfactory attendance and at-risk attendance will show up. Some students who are chronically absent will show up.	List of students who participate each Friday sorted into attendance categories.		Of the students who were invited, half showed up. Only about a quarter of the chronically absent students made it
	Q3 - Does attendance improve on Fridays?  Compare the total number of absences for targeted students on this Friday with the total number of absences for targeted students on previous Friday.			Yes, several of the chronically absent students who attended the lunch had been absent the previous Friday.
	Q4 - Are there any spillover effects?	Compare the total number of absences on the following Monday with previous Mondays.		The Monday absences were the same as the previous week.
